

Democrats Unveil Job Plan

Soviets Assail SEATO On Eve Of Manila Talks

Russ Warning Brushed Aside By Ministers

MANILA (AP)—Foreign ministers assembling for a Southeast Asia Treaty Organization meeting brushed aside Sunday a new Soviet attack on their anti-Communist alliance.

The Soviet Union assailed SEATO in a broadcast Saturday night, duplicating tactics employed just before the NATO meeting in Paris last December.

The Soviet statement called SEATO a tool of Western colonialism, and warned members they would lay themselves open to nuclear destruction if they permit nuclear and missile bases on their soil. The foreign ministers conference opens tomorrow.

Russian Call Ridiculed

Philippine Foreign Secretary Felixberto Serrano, host for the 8-nation meeting, said the Soviet denunciation was another attempt to intimidate and weaken the alliance.

"We cannot be deluded," he said.

Richard G. Casey of Australia and Prime Minister Walter Nash of New Zealand ridiculed the Russian call for an atomic-free zone and a system of collective security in Asia and the Far East.

Pote Sarasin of Thailand, SEATO secretary general, said the Russian attack was nothing new, adding: "It usually comes each year. I expected it earlier."

Member nations are the Philippines, the United States, Britain, France, Pakistan, Australia, New Zealand and Thailand.

Lloyd Wants Side Talks

British Foreign Secretary Selwyn Lloyd told newsmen on his arrival he wanted some side discussions with Secretary of State Dulles and French Foreign Minister Christian Pineau on a summit conference with the Russians, the Indonesian revolution "and a great many other problems."

The SEATO foreign ministers, after Monday's round of formal ceremonies, start closed-door sessions Tuesday afternoon. They will wind up the conference at a state dinner given by President Carlos P. Garcia Thursday night.

Nixon Assures British Ike Still 'Running Show'

LONDON (AP)—Vice President Nixon assured the British people Sunday President Eisenhower is "running the show in the United States."

Some British newspapers and politicians have been calling Eisenhower a part-time president who has failed to show the leadership the West needs in dealing with the Russians.

Nixon, appearing on a television interview filmed in his Washington office five days ago, said he was aware of talk about how much time the President spends at his job and whether he actually makes the big decisions.

"Now my answer is without qualification," Nixon said. "Make no mistake about it—President Eisenhower is running the show in the United States."

Discussing the procedure for his becoming acting president in the event Eisenhower became incapacitated, Nixon emphasized that the discussion was "simply a theoretical one, we don't expect it to happen."

Nairobi Stop Cancelled

LONDON (AP)—Queen Mother Elizabeth has cancelled a scheduled stop at Nairobi on her flight home from a round-the-world tour, the Colonial Office said Sunday.

The Kenya capital has been ablaze with rumors of a Mau Mau terrorist assassination plot against the Queen's mother in Nairobi. The government has officially denied uncovering any such plot.

Batista Alerts Troops To Deal With Any Strike

HAVANA, Cuba (AP)—President Fulgencio Batista called 7,700 heavily armed national police to duty Sunday and gave them orders to crush any general strike called by rebel leader Fidel Castro.

The nation's army, navy and air force were put on standby alert in garrisons throughout Cuba.

Castro has threatened to call a general strike at any hour to try to topple the Batista regime. The government forces were alerted for the possibility it may come Monday—sixth anniversary of Batista's rise to power.

Leaders of 60,000 striking high school and university students said they were ready to join in any strike to oust Batista. The students have been on strike protesting student arrests.

Batista is scheduled to make an anniversary broadcast to the nation Monday from a nearby military garrison. He will be surrounded by thousands of troops.

Ordinarily, Batista declares a national holiday to celebrate his military coup which ousted President Prío Socarras. But the threat of a strike by Castro forced him to call it off this year. His radio address will be the only public event of the day.

The powerful Cuban Confederation of Labor, which has 1,200,000 members, reiterated it will not join in the strike. But Castro says the workers have been secretly organized in commercial and industrial centers and were awaiting word.

Castro, whose forces are running short of arms to continue their guerrilla war, has declared the general strike would be his final blow and that it would oust Batista.

Havana police staged a series of raids and said they had arrested 22 members of Castro's revolutionary movement, including students and laborers.

The police accused them of staging and planning widespread bombings, burnings and killings in Havana and vicinity. The police reported seizing big caches of dynamite, grenades, phosphorous bombs and guns.

Ingrid, Swedish Millionaire Plan Island Vacation

GÖTEBERG, Sweden (AP)—Side by side in a lush courtyard, Ingrid Bergman and Swedish millionaire Lars Schmidt told newsmen Sunday they planned to spend the summer together on a little Swedish island.

The newsmen asked if they are planning to marry.

"We can neither deny nor confirm that," Schmidt said. "That says a lot, doesn't it?"

Schmidt said he recently bought a house on the island off the west coast of Sweden.

The couple talked to newsmen outside Schmidt's huge estate here.

Schmidt, 45-year-old theatrical publisher, has been seeing a lot of the 40-year-old Swedish actress since her separation from Italian movie director Roberto Rossellini. Rossellini is seeking an annulment in Italy of their Mexican marriage.

Tax Cut Drive

WASHINGTON (AP)—Sen. Paul H. Douglas (D-Ill.) said Sunday he would try to force a major tax cut through Congress next week as an antirecession measure.

Commandment Countoff Launches 'Churchnik'

BALTIMORE (AP)—A slender, smoke, the Rev. Mr. Packard told the congregation: "confirmation launches us into the flight of life and the fuel is Holy Communion."

A child recited the 10th Commandment and the rocket bearing an orange cross and the word "soul" zinged to the ceiling of the church.

"We shall pretend it is lost to view," said the Rev. Mr. Packard. "We shall wait until next week to see where it landed."

The church service was as solemn as always and there was no audible reaction from the children. The Rev. Mr. Packard likes to dramatize the family services, keyed especially to children during Lent. Last year he used the theme of traffic signs and, another time, knights and armor.

Vanguard Firing Unlikely Before Middle Of Week

CAPE CANAVERAL, Fla. (AP)—It was regarded as unlikely Sunday that the Navy would throw the firing switch on its sensitive Vanguard rocket until midweek.

Saturday, the Navy experienced the frustration of coming within 35 seconds of launching the 72-foot giant, then losing out to a combination of minor delays, fog and high winds.

The 11-ton Vanguard, with a 3½-pound satellite in its nose, still stands in its working crane at the Air Force Missile Test Center here, but there is little activity in the area.

The Vanguard rocket is more temperamental than other rockets for several reasons:

First it is designed specifically to launch space satellites and to do this job with the most efficiency. It is not expected to withstand rough handling and inclement weather as were some of its more rugged military counterparts.

Second, it is still in the test state—not a proven vehicle at all.

Third, the Vanguard, not having to answer to battle requirements, requires more pampering, more care before firing.

400 Evacuated As Fire Sweeps Hospital Wing

LINCOLN, Neb. (AP)—Nearly 400 patients were evacuated safely from wards at the Lincoln State Mental Hospital Sunday when fire broke out in an 88-year-old structure known as "Old Main" and spread to an adjoining annex.

Dr. F. L. Spradling, hospital superintendent, estimates 385 patients were removed in 15 or 20 minutes.

Ironically, the "Old Main" building in which 295 of the evacuated patients were housed was to have been razed this month and the eight wards in it were to have been cleared of patients this week. The north wing of this structure was most heavily damaged.

Roof and water damage resulted at the annex housing 126 patients, but Dr. Spradling said the roof will be replaced and the structure rehabilitated as quickly as possible.

Lincoln Fire Chief Paul Feaster complimented hospital staff members and assisting patients for fast evacuation action. He said when he arrived at the hospital, south of the city, the main building was clear.

The hospital has a patient population of 1,604.

Evacuated patients, most of them ambulatory but some confined to beds, were housed temporarily in other buildings.

Dr. Spradling said about 100 patients would be transferred to state mental hospitals at Hastings and Norfolk.

Indonesia Orders Air Space Closed

SINGAPORE (AP)—The Indonesian government Sunday placed 7,500 square miles of air space in and around Indonesia off of bounds to all planes except its own air force.

The order handed Singapore officials is expected to hamper civilian air operations in this near-by British colony. One airline official called the order "a flagrant violation of international air agreements."

Ike Proposal Brings Mixed GOP Reaction

Eight Republican Solons Issue Call For Swifter Action

WASHINGTON (AP)—Eight Republican senators said Sunday they want the government to act faster and do more to combat unemployment than President Eisenhower has proposed up to now.

A number of other GOP Congress members, however, put out statements endorsing Eisenhower's course of action and in some cases criticizing the Democrats for what they called delaying tactics.

"President Eisenhower is fully alive to the recession," said House GOP Leader Martin of Massachusetts.

Ike Plans Spending Speedup

The flurry of Sunday statements followed up Eisenhower's announcement Saturday of a stepped-up federal spending program to bolster the economy.

The eight Senate Republicans who called for greater efforts said there should be "immediate action on a scale big enough to do the job."

The signers were Sens. Aiken of Vermont, Clifford P. Case of New Jersey, Cooper of Kentucky, Ives and Javits of New York, Kuchel of California, Purtell of Connecticut and H. Alexander Smith of New Jersey.

Although they avoided any direct criticism of Eisenhower's proposals, the Republican senators left little doubt they share an apparent widespread belief among Democratic colleagues that the administration is not moving swiftly enough to take up the slack in unemployment.

Demos Plan Legislation

A group of influential House Democrats proposed Sunday a 2½-billion-dollar loan program for public works projects in recession-hit communities.

Killed late Saturday night as they stepped from their patrol car were Louis Wright, 49, and R. A. Rogers, 65. A third deputy, Carmel Gibson, 30, escaped injury by diving to the ground.

The probability of a political motive was voiced by Copperhill Mayor Emil Greene, who added he expected an arrest to be made "sometime before Monday."

"I think it was politics," Greene said. "And most of those with whom I have talked agree."

The deputies were struck in the head with shotgun pellets immediately after arriving at a beer tavern six miles north of here on a routine check.

Rogers died instantly. Wright, driver of the car, lived only a few moments.

The shots apparently were fired from behind a steep embankment 25 yards away on the tavern side of the road.

The slayings touched off an all-night search of the barren copper basin hills, with a 50-man posse from Polk and adjoining counties being joined by state highway patrolmen and bloodhounds from neighboring Cherokee County, N. C.

The hounds picked up a trail and followed it for about 1,000 yards up a gully where it ended abruptly leading officers to conclude the slayers escaped in a waiting car. Roadblocks were set up but removed early Sunday.

Polk County has been the scene of several incidents of violence centering on politics in past years.

Election disturbances in 1948 resulted in at least three deaths and National Guardsmen were called in.

Near-Blizzard Greets Mamie

DENVER (AP)—Mrs. Mamie Eisenhower, ending a two-week vacation in Arizona, landed in Denver Sunday in the midst of a driving snowstorm for an overnight visit with her mother, Mrs. John S. Doud.

Mrs. Eisenhower smiled but appeared dismayed at the near-blizzard.

"Oh, you shouldn't have come out in this terrible weather," she told a small welcoming group as she came down the ramp at Lowry Air Force Base.

Accompanying Mrs. Eisenhower was her sister, Mrs. Gordon Moore, who has been vacationing with her at the Maine Chance health farm near Phoenix, Ariz.

They arrived aboard the presidential plane, Columbine III, at 12:55 p.m., 2 hours and 49 minutes after taking off from Phoenix, Lt. Col. William Thomas was at the controls.

The First Lady's departure time was uncertain. It depends in part upon time required for Lowry technicians to make a previously planned check of the plane. In part, it also depends upon Mrs. Eisenhower's own wishes. Lowry officials said it is possible she might elect to stay in Denver until Tuesday.

Russ Report British Air Raid On Yemen

LONDON (AP)—Radio Moscow broadcast Sunday a Yemeni declaration that British planes raided Sawmaa in the Al Bayda district Thursday, dropping more than 200 bombs and "killing and wounding many women and children."

A Tass dispatch from Cairo quoted Yemen's legation there. It added that on Friday British troops attacked the town of Al Bayda, but "were forced to retreat after two hours of heavy fighting."

Britain claims that armed bands from Yemen have been raiding its Aden Protectorate. Yemen on Saturday federated with the United Arab Republic of Syria and Egypt.

Girl Awaits Heart Surgery

Annie Salmont, 9, plays with a doll and is cheered by her mother, Mrs. Marie Salmont, of Montignies sur Sambre, Belgium. Annie has a heart defect and was flown, with her mother, to become a patient at University of Minnesota Hospitals, Minneapolis. Doctors will determine whether an operation is practical. Her trip to Minnesota was financed by Princess Lillian of Belgium and the Belgian State.

(AP Photofax)

Political Motive Seen In Slaying Of Two Deputies

COPPERHILL, Tenn. (AP)—Political strife, long dormant in Polk County, was suggested Sunday as a possible cause of the ambush slaying of two sheriff's deputies.

Killed late Saturday night as they stepped from their patrol car were Louis Wright, 49, and R. A. Rogers, 65. A third deputy, Carmel Gibson, 30, escaped injury by diving to the ground.

The probability of a political motive was voiced by Copperhill Mayor Emil Greene, who added he expected an arrest to be made "sometime before Monday."

"I think it was politics," Greene said. "And most of those with whom I have talked agree."

The deputies were struck in the head with shotgun pellets immediately after arriving at a beer tavern six miles north of here on a routine check.

Rogers died instantly. Wright, driver of the car, lived only a few moments.

The shots apparently were fired from behind a steep embankment 25 yards away on the tavern side of the road.

The slayings touched off an all-night search of the barren copper basin hills, with a 50-man posse from Polk and adjoining counties being joined by state highway patrolmen and bloodhounds from neighboring Cherokee County, N. C.

The hounds picked up a trail and followed it for about 1,000 yards up a gully where it ended abruptly leading officers to conclude the slayers escaped in a waiting car. Roadblocks were set up but removed early Sunday.

Polk County has been the scene of several incidents of violence centering on politics in past years.

Election disturbances in 1948 resulted in at least three deaths and National Guardsmen were called in.

Searchers Find Body Of Little Lost Deaf Mute

BILLERICA, Mass. (AP)—A 23-hour search by a 1,500-member posse came to a tragic climax Sunday when the body of a 5-year-old deaf mute was recovered from the Shawheen River.

Little Lawrence Bearse, who could speak only four words—"Daddy, Mummy, hello, goodbye"—wandered away from his home and into a vast, swampy woodland Saturday morning.

A helicopter sighted his lifeless form at 9 a.m. Sunday in three feet of water about two miles from his home off the Middlesex Turnpike.

Throughout the night the tot had been the object of what Police Chief Joseph L. Ryan described as the biggest search in the town's history.

17 Plane Crash Victims Found

TOKYO (AP)—Seventeen bodies have been recovered from the wreckage of two U.S. Marine Corps planes which collided Friday night off southern Okinawa. Hope was abandoned for nine men still missing.

A U.S. Marine spokesman said Monday 13 bodies were recovered Sunday. Search parties combed the waters off Naha had recovered four Saturday.

U.S. military helicopters, small aircraft and tugs continued the search for the nine missing, who are considered dead, the spokesman said.

Nineteen Marine passengers and a crew of six were aboard a Marine R4Q Flying Boxcar Transport and a single pilot aboard a Marine AD5 fighter bomber which collided three miles off Naha. The planes were en route from the Philippines to Japan.

College For Gls

WASHINGTON (AP)—The Army said Saturday night it will offer to finance four years of college education for soldiers who agree to stay in the service for 12 years.

Pakistan Threatens To Desert West

KARACHI, Pakistan (AP)—Prime Minister Feroz Khan Noon threatened Sunday to break ties with the West and seek friends elsewhere if the United States and Britain failed to support Pakistan's claim to Kashmir.

He told Parliament Pakistan would reconsider its alliances if U.N. mediator Frank P. Graham, former senator from North Carolina, failed to bring a solution by April to Pakistan's feud with India over the Himalayan border state.

Iraq-Jordan Talks

BAGHDAD, Iraq (AP)—Officials of Iraq and Jordan opened discussions Sunday on a constitution for their new federation.

Stassen's Suggestion

WASHINGTON (AP)—Harold E. Stassen suggested Sunday that the "united Nations consider setting up a permanent police force armed with 'atomic weapons of limited number and size.'"

Election Year Outlook Gloomy For Legislators

WASHINGTON (AP)—The possibility of a prolonged session of Congress and another increase in the national debt ceiling before the November elections is haunting some legislators.

It's a gloomy prospect for the 32 senators and most of the 435 House members who face re-election contests next fall. About the only thing that could brighten their outlook would be an early upswing in the economy and a halt in the rise of unemployment.

If that doesn't occur soon, congressional leaders are prepared to push through a costly program of public and private construction and a tax reduction if necessary in an attempt to prime the economy and provide more jobs.

The national debt ceiling, recently boosted from 275 to 280 billion dollars, could not stand the cost of the proposed spending programs unless tax collections exceed current expectations. Congressional leaders already are considering a second increase in the debt limit, to 290 billion dollars or more, to give the government more financial elbow room.

There currently is little sentiment in Congress to cut appropriations. Five appropriation bills have been passed by the House this year and the total reduction was about 30 million dollars from total requests for about \$2,800,000,000. That's a cut of less than one-half of one per cent.

Two of the bills have passed the Senate and gone to the White House. They appropriated the entire \$1,300,000,000 requested by the administration.

There are no present indications that Congress will cut deeply into any of the big appropriation bills still to come. In fact, there is a likelihood that it may increase some of them.

Garment Strike End Forecast

NEW YORK (AP)—A mediator in the five-day-old strike of 105,000 dressmakers said Sunday night the union and employers have reached agreement on economic issues.

The mediator, former Sen. Herbert H. Lehman, predicted the strike would end by Monday or Tuesday.

The dispute, first major strike by the International Ladies Garment Workers Union (ILGWU) in 25 years, has affected nine eastern states in all. New York City, fashion capital of the nation, has been particularly hard hit; 60,000 of the strikers work here.

An estimated 75 per cent of the country's dress production has been halted by the walkout.

Lehman defined the economic issues as wages, overtime pay, holidays and severance pay.

All families should have three children, so that if one of them is a genius there will be two others to support him. (Copyright General Features Corp.)

Princess, Pianist Decide To Postpone Engagement

STOCKHOLM (AP)—Princess Margaretha of Sweden and Robin Douglas-Home, once a jazz pianist in a London bar, have decided to postpone their engagement, a royal communique indicated Sunday.

The communique said the 25-year-old suitor of the tall, fair-haired granddaughter of King Gustaf will leave for London Monday afternoon but intends to return this spring. The princess is 23.

An announcement of an engagement had been widely expected after Douglas-Home flew here last week and was formally introduced to the King by Prince Bertil, an uncle of Margaretha.

The newspaper Aftonbladet said the postponement does not mean the romance between the princess and the British blueblood is on the rocks.

The newspaper's court reporter said, "The royal family has the moral courage to leave the decision to the youngsters themselves."

The reporter said the young couple were "advised to think it over but they have decided on the postponement voluntarily." No reason was given.

"Robin may also meet the princess abroad so they can make up their minds on their marriage plans in peace," Aftonbladet added.

The princess met Douglas-Home last year on a visit to London.

House Group Urges Public Works Loans

Communities With Big Labor Surplus Would Be Eligible

WASHINGTON (AP)—A group of influential House Democrats Sunday proposed a 2½-billion-dollar loan program for public works projects in recession-hit communities.

It will be introduced Monday by Rep. Rains of Alabama, chairman of the House Banking subcommittee on housing, and 12 of the 16 other Democratic Banking Committee members.

Under its terms, communities with a substantial labor surplus could get federal loans for community facilities for up to 50 years at an interest rate not to exceed 2 per cent.

Financially hard up municipalities could postpone payment of principal and interest for the first five years of the loan.

45 Major Surplus Areas

For purposes of the program, substantial unemployment would be defined as six per cent of the labor force. January figures showed some 45 major labor areas in this category, and 73 smaller areas with some labor surplus.

Federal loans could be used for almost any form of public works including sewage and water facilities, libraries, transportation, public buildings and fire and police facilities.

Banking Committee Republicans withheld immediate plans in regard to the Democratic program. They caucused privately to consider introduction of a program of their own, but reached no decision.

How far the proposed program will get in the Banking Committee appeared uncertain.

Chairman Spence (D-Ky.) told a reporter, "I'm taking no stand on it right now. I want to consider it very carefully."

Hearings Scheduled

The Banking Committee, under Spence's direction, has scheduled five weeks of hearings starting next month on unemployment throughout the nation.

The Democratic public works proposal was advanced after party leaders in the Senate and House moved last Thursday to speed up antirecession action through stepped-up federal spending for housing, highways and public works.

It also followed President Eisenhower's proposal Saturday to extend unemployment benefits with federal funds and to speed up spending on highway building, reclamation projects and other programs.

Five Prisoners Flee Skyscraper Jail

MIAMI, Fla. (AP)—Five prisoners escaped from Dade County's skyscraper jail in human fly acrobatics at the 19th floor Saturday night. Two of them were accused as killers.

The prisoners climbed out a window on the 19th floor, descended on mattress covers to the 17th floor, broke a window and went inside, jail attaches said.

Then they made their way down to a second floor washroom, knotted towels together and climbed down this makeshift rope to the street.

Fire Chief Dies

ABERDEEN (AP)—Fire Chief Charles W. Clark of the Aberdeen Proving Ground collapsed and died Saturday night while examining an unoccupied barracks building partially destroyed an hour before by fire.

Russians Lead In Space Exploitation, Dulles Says

WASHINGTON (AP)—Secretary of State Dulles says the Russians have a good big start on the United States in the exploitation of space.

And, he told the House Foreign Affairs Committee in a closed session:

"I don't know what it is going to cost to get to the moon, or whether it is possible for us to beat the Russians at it. . . ."

U.S. Air Force and industry space experts have predicted that a rocket can be fired to the moon this year.

Dulles told the committee Feb. 26, it was revealed Saturday, that while the Russians have a good start on the United States in exploiting outer space, this country is closing the gap but "it cannot be done immediately and perhaps we can't do it as soon as they can."

He added that "How much we want to spend in an effort to be second, I don't know."

The question of whether there are important propaganda and diplomatic possibilities in getting a

rocket to the moon was raised by Rep. Vorys (R-Ohio).

"I think that there are," Dulles said. "I think whenever the Soviets register a first in an area that is spectacular, they gain greatly from it, and we go down in the popular estimation."

Vandals Blamed In School Fire

DAYTON, Ohio (AP)—Vandals are believed to have started a fire which destroyed the McKinley Occupational School here early Sunday.

Two policemen said they saw two boys run from the school shortly before 5 a.m. They said they chased the boys but were unable to catch them. When they returned to the school, the policemen said, they found five separate fires going in the 60-year-old, three-floor structure.

Fire Chief Forrest Lucas said firemen found 50 kerosene-soaked rags at the scene. He said books and papers also were used to get the fires started.

Lucas estimated the damage at \$100,000, but Dayton Supt. of Schools Robert B. French said it would take \$350,000 to reconstruct the building and \$50,000 to replace the equipment.

Three Armed Men Pull \$3,880 Stickup

LANDOVER HILLS, Md. (AP)—Three armed men Saturday night robbed two Safeway Store employees of \$3,880 in receipts from a store here.

Prince Georges County Police said victims of the robbery were Richard Taylor, 21 of West Latham Mills and Gerald Lucase, 20, of East Riverdale. The loot, the police said, included \$3,377.92 in cash and \$502.85 in checks.

Killian Believes U. S. Still Leads

WASHINGTON (AP)—President Eisenhower's top scientific adviser said Sunday he does not feel that the United States has lost its technological leadership to Russia.

But Dr. James R. Killian added a condition: "that we make sure we do not fail to correct some of the weaknesses we have had in the past."

Killian was interviewed by Rep. Keating (R-NY) on a television program filmed for New York State stations.

He said the Soviets are "really going to compete" in high-energy nuclear physics. But he said the United States "excels in operating experimental equipment and in theoretical physics" as well as in such fields as computing machines, chemistry and its application to plastics and the making of fibers.

Killian said the "pressing and important" shortages in the United States are of engineers "in those fields of very advanced technology that have developed in recent years," including metallurgy, some advanced fields of electronics and geology.

But he said the United States should not copy the extreme specialization of the Soviet educational system.

Pravda Charges U. S. Blocks Summit Talks

MOSCOW (AP)—Pravda charged Sunday the United States is doing everything in its power to block an East-West summit conference.

In a major editorial following up Premier Nikolai Bulganin's latest letter to President Eisenhower, the Communist party newspaper charged that the U.S. government had so far presented no concrete proposals for consideration at a summit conference.

The paper said such proposals as the United States has made are aimed at serving purely propaganda purposes in order to becloud issues.

25 Schoolboys Cavort In Nude For Initiation

CHARLESTON (AP)—Twenty-five boys ran nude on the grounds of the Statehouse here Sunday.

Police said they were being initiated into an unauthorized fraternity of Stonewall Jackson High School.

They boys were seen running nude two at a time through the driveway under the Statehouse steps that face Kanawha River.

They are scheduled to appear before Sgt. Frank Riddle, juvenile officer.

Police Pick Up Trio In Brunswick Yards

FREDERICK, Md. (AP)—State police picked up three men—two of them cousins—early Sunday in the railroad yards at Brunswick, Frederick County.

State Trooper Charles McFarland identified the trio as Stuart Lee Davis, 33, of Staunton, Va., his cousin, James Edward Davis, 30, of Waynesboro, Va., and M.W. Thurston, 33 of Hamilton, Ohio.

McFarland said the three were charged with vagrancy pending a fingerprint check with the FBI in Washington on their background. They came in on a freight and were waiting for another when they aroused the suspicions of people in the area.

More men than women are afraid to enter caves.

France Takes Cue From U. S.

PARIS (AP)—France has expanded upon a U.S. plan for a Mediterranean defense and economic development pact in an effort to solve its troubles in North Africa.

The plan as outlined by Premier Felix Gaillard has one big hitch, however. It makes no provision for any change in the status of French-ruled Algeria.

Tunisia and Morocco, without whose cooperation Gaillard's plan never can get off the ground, demand independence for rebellious Algeria. The French say no, and so the reaction of these two former French protectorates to Gaillard's idea has been chilly.

Gaillard outlined his plan for the first time before the National Assembly last Friday. He offered the North African nations a share in the French exploitation of the Sahara, believed to contain one of the world's richest oil deposits.

He said he envisaged an economic and military accord in North Africa to act as a supplement to NATO.

But as a participant of the pact, Algeria would remain under French rule while receiving a measure of self-government.

Limited self-rule has been denounced by Algerian nationalists, whose rebellion now is 40 months old, as well as by Tunisia and Morocco.

On the other hand, the wobbly economies of Morocco and Tunisia could use the oil revenues the Sahara would provide.

Train Toll Put At 67

RIO DE JANEIRO, Brazil (AP)—Officials put at 67 Sunday the death toll in the collision of three commuter trains 35 miles north of here Friday night. The injured numbered about 100 in the country's worst rail disaster in six years.

Rheumatism-Arthritis Neuritis-Sciatica

Relief from those torturing pains or no charge. Only one trip required. Disabled persons may send a friend. 45 South Mt. Vernon Ave., 500 ft. off Rt. 40, Uniontown, Pa. Office hours: Daily 10-6, Sunday 10-4. Permanently located. Complete recovery with one purchase.

A proven herb remedy for the past 15 years.

WHAT TO DO WHEN ARTHRITIC & RHEUMATIC PAIN ATTACKS OCCUR

Take PRUVO—The Faster-Acting Analgesic That Goes to Work in Minutes!

When arthritic or rheumatic minor pain attacks occur—you want prompt, faster-acting relief from such cursory, nagging pains that often spoil your working, relaxing or sleeping hours. Don't wait. Do what thousands of satisfied folks are doing. Take PRUVO—the faster-acting tablets that begin to work in just minutes! Gives you blessed relief when you want it!

PRUVO contains pain-relieving Salicylamide, considered by many doctors to be more effective and faster-acting than aspirin. Also, Vitamin "C"—an extra beneficial bone-builder essential for maintaining stability of elasticity in connecting tissues in joints and body.

PRUVO rushes soothing, effective relief to above-described pains in stiffened, aching elbows, fingers, shoulders, hips, ankles and back. Acts faster because it dissolves instantly. No waiting for heavy outer coatings to dissolve; no possibility of passing through the body without effect. Contains no habit forming drugs or sodium. Won't upset the stomach. Safe even for those with heart condition, diabetes or high blood pressure. Only \$1.50 for 75 tablets or save more on economy size bottles.

Your druggist can tell you there is no non-prescription pain reliever, even at twice the cost, that contains such necessary ingredients or has as much potency per tablet as is found in PRUVO. Taken as directed, you must be satisfied with trial size or your money back! Ask your druggist for PRUVO today and feel the difference!

knew the value of soft water

But she had to get it the hard way!

There was nothing like water from the old rain barrel out in back for shampoos that left the hair gleaming and full of lustrous highlights. But the barrel could go dry—or freeze over.

Today, you can enjoy the softest water this side of a rain cloud—automatically—just by turning the tap anywhere in your home.

Phone for a free demonstration. We'll show you how Culligan brings clear, filtered soft water into your home—on a service basis! No equipment to buy; no work to do. Call us today.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, March 9 (INS) — After her show Wednesday night Patti Page flies to Los Angeles to keep a date with Jerry Wald. Jerry telephoned Patti to ask her if she would be interested in "Student Body," a musical by Sammy Fain and Paul Francis Webster.

In verifying the story Jerry, who is up to his eyebrows in the Academy of Awards show, said that Fain and Webster had brought him the story of "Student Body" which they wrote together. It's about a top TV singer (Patti) who makes a guest appearance at a college and stays on to enroll as a student.

Before I hung up Jerry put Harold Lloyd, who was in his office, on the phone. Jerry has sweet-talked Harold into appearing in the Academy Awards show.

Tyrone Power, who had no immediate movie plans when he left here and didn't seem too interested in making any, put his signature on a deal (with his part-

ner Ted Richmond) to buy "Showdown in the Sun." It's by Will Guelick who wrote Jimmy Stewart's picture "Bend of the River" and it must be good to lure Ty away from his stage kick.

Right now he's on tour in the east in "Back to Methuselah," which I hear is going very well. Another angle that interests Ty, who has the wanderlust fever, is that "Showdown" has a Spanish locale. Sarita Montiel would be excellent for the lead, and she's the girl being sought. The Script is by Ed Worth who did the screenplay of "Cowboy."

One of my favorite people, Deborah Kerr, got away to Austria before I had a chance to say au revoir. On the way to Vienna, where "The Journey" is being made with Yul Brynner, she and Yul stopped in Paris where Debbie says she was a guest of honor at a party hosted by Kay Kendall and Rex Harrison.

One hundred and seventy newspapers, radio and TV correspondents and interviewers will talk to them in Vienna. Anatole Litvak, who is making "The Journey" in conjunction with Yul Brynner for MGM, will act as interpreter. You can bet all the tea in China and more that these two popular people, Debbie and Yul, won't sound off with any silly comments.

Very few people knew the gentle side of Harry Cohn. A case in point is Henry Martin, who for many years worked for Columbia's boss as a chauffeur until

Secrets Of Charm

by John Robert Powers

Several years later Henry came to Harry's office with a shoe box containing \$25,000 in cash. "I want to make a will and leave you this money so I want you to keep it for me," said Henry. Instead, Harry invested Henry's savings in gilt edge securities which have increased in value and have paid Henry dividends. Henry was an honorary pallbearer at the funeral.

Snapshots of Hollywood collect- co at random: Lauren Bacall is back and Frank Sinatra's got her! They've been together every night since she returned.

Rumors from New York are that Marilyn Monroe is expecting a baby again. Let's hope it's true.

There's one day's work for Bob Wagner in Phoenix on "The Hunters," so Natalie Wood will make it a sentimental journey and accompany him. They were married there December 27.

I hope Tony Bennett's opening at the Coconut Grove March 26 will be postponed. It's unfair to him to have it Academy night. Buddy Adler is giving a dinner dance after the awards and there are many other parties that night. Kay and Clark Gable and Bill Perlberg will be guests of Chicago attorney Sid Korshak at a big press party at the Chez Paree kicking off the opening of "Teacher's Pet." Governor Stratton of Illinois and Mayor Daley of Chicago have accepted the date for March 31.

That's all today. See you tomorrow.

Today, Powers model tips on what to do about a manicure between manicures.

Beauty At Your Fingertips Every Day

No matter how good a manicure is in the first place, it's how it looks every day that counts. As any model will tell you, she doesn't know her business if she stops short at learning to do her nails perfectly; she must also learn how to keep them at the peak of perfection, and so can you.

Nail care can be simple enough between manicures, but it must be daily, if only because of the peculiarities of the cuticle. Fingertips can't be lovely with ragged cuticle, and it will be ragged in just a few days if it's cut, however expertly by the manicurist. It will also be ragged if it isn't cut, but is allowed to remain tightly attached to growing nails.

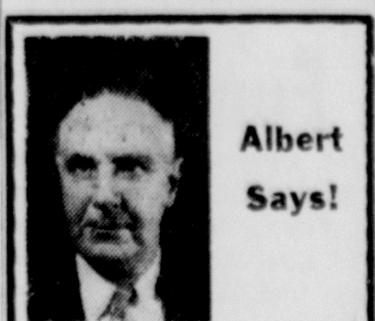

As nails grow, cuticle clings to them naturally. Very soon, the nail growth stretches the cuticle to the breaking point and it separates from the nails, splitting into jagged pieces and forming hangnails. Only loose cuticle can be smooth and even. It must be loosened frequently because of the rate of nail growth, and once a day is none too often. But just spend one minute a day loosening it and the problem is solved. Make it an almost unconscious habit to push the cuticle back on each nail while in the tub or after washing dishes, and this necessary beauty measure will seem

at once and recast the nail — carry polish with you to do so. Or better still, use a brushful of remover to soften and spread the polish around the chip. This way, the nail can be recast without leaving an uneven surface.

TOMORROW — Insure Leg Beauty.

West Virginia Angus Sale Set April 18

Will Be Conducted At Petersburg

PETERSBURG, W. Va. — The 15th annual state show and sale of the West Virginia Aberdeen Angus Association will be conducted here Friday, April 18, at the Tri-County Fairgrounds, according to Charles Bonar of Burlington, sale manager.

Herman Purdy of the Pennsylvania State University animal husbandry department will serve as judge of the annual show, scheduled for 9:30 a.m. April 18. The sale will commence at 1 p.m. with Ira Mahaffey of Terra Alta serving as auctioneer. Cattle have been nominated from most of the top Angus herds of West Virginia and there will be much competition for the grand championship awards. There will be 10 prospective herd sires and 40 top heifers ranging in age from 12 months to 30 months of age.

All of the cattle are from herds accredited for both T.B. and Bangs and they may be bought with assurance of clean, healthy, hearty cattle.

M. B. Tolley of Bridgeport is president of the State Angus Association and Clem Teets of Terra Alta is secretary. More information may be obtained about the sale by contacting either of the officers or the sale manager, Charles Bonar of Burlington.

Immunization Clinic Scheduled Tuesday

KEYSER — The first preschool immunization clinic in the Keyser area for children in the area, including Limestone and Fountain areas will be held Tuesday, from 10 a. m. to 12 noon and from 1 p. m. to 3:30 p. m. at the Mineral County Health Department in the Court House on Armstrong Street.

Children who will enter school in the fall must be vaccinated against small pox and satisfactorily immunized against diphtheria. All children from the age of three months to school age are eligible to attend the clinic.

The diphtheria immunization requires three injections one month apart for satisfactory immunity. Subsequent clinics will be held in April and May to complete those beginning immunization on March 4.

Other pre-school clinics to be held in the county are:

Elk Garden, Wednesday, March 12, at 1:30 p. m.; Piedmont, Thursday, March 13, at 1:30 p. m.; New Creek, Friday, March 14, at 1:30 p. m.

(Continued From Page 10)

45 Candidates

G. Hadley of Lonaconing will vie with the three incumbents, William C. Abbott, also of Lonaconing; Hugh Stevenson, Ellerslie, and J. French VanMeter, Cresaptown.

The only other certain GOP primary contest is for sheriff, where Edward R. Muir, the incumbent, is being opposed by a former deputy, William E. Orr Jr., of Midland.

Four other incumbents who have filed do not face opposition as deadline day arrives. They are Register of Wills A. Charles Stewart, Frostburg; Joseph E. Boden, clerk of Circuit Court; County Treasurer James W. Bishop, and State's Attorney James S. Getty, Lonaconing.

On the Democratic side, one primary contest for county office seems certain. C. C. "Pete" Myers, Winchester Road, already has filed for sheriff and Mr. Loughrie will file today.

There are three Democratic candidates filed for the three positions as county commissioners. They are James P. Russell, Mt. Savage; William J. Brode, Clarysville, and Francis J. Duckworth, Corriagantville.

William Walsh, this city, filed Saturday as a Democratic candidate for the House of Delegates and will be joined today by Mr. Conlon and Mr. Flanagan. Graydon Dunlap, this city, also has announced.

File Saturday
Three incumbents on the Democratic State Central Committee filed just before the Board of Election Supervisors office closed at noon Saturday. They are Thomas B. Finan, committee chairman; F. Allan Weatherholt, and John R. Kelly, all of this city. They join Edward J. Ryan, Frostburg, who filed Thursday. Two other incumbents, Mr. McDermott and William P. Kelly, will file today. Six are to be elected.

On the state-wide level, two Republicans filed Saturday for top offices.

Congressman James P. S. Devoreux, a retired Marine brigadier general, filed for governor and Mayor John A. Derr of Frederick filed for comptroller. There is still no GOP candidate for attorney general.

Republicans mentioned for attorney general include Calvin Johnson of Upper Marlboro, former Illinois congressman; Richard Zantinger, Prince George's County real estate agent, and Felix Morley of Gibson Island, former president of Haverford College.

Mt. Savage High Holds Prize Award Assembly

MT. SAVAGE—Mt. Savage High School held an assembly Friday morning to award the top salesmen in the recent magazine subscription drive.

Edwin Beal, a seventh grader, received the first prize, a watch, together with several other prizes for selling the most magazines on specified days as well as during the entire campaign. Ralph Wilson, a sixth grader, was runner-up. He was given a camera set.

The toy poodle dog prizes for the highest sales in the respective home rooms, were won by Mrs. Helen Caldara's group for the elementary and Miss Mary Witte's class for the high school.

Paula Poorbaugh and Drena Dickel, captains for these rooms, also received poodle dogs.

Other winners were Judy Adams, best salesman for the first days, an automatic pencil; Ralph Wilson, highest sales for February 17, a plastic case; Penny Wingert, best for February 18, a plastic case; Edwin Beal, highest for February 20 and 21, plastic cases.

The mystery prize, a clock radio, for which all salesmen with a record of \$5 or more sales were eligible, went to Sylvia Geary, a sixth grader.

Thomas Lewis, chairman of the assembly committee, and Faye Markwood, a senior in charge of the campaign, awarded the prizes.

The high school band under the direction of Bing Elliott, music instructor, played several numbers. Mr. Elliott presented the newly organized dance orchestra in "Swing Blues."

Deaths And Funerals

IRWIN MORGAN

LONAONING—Irwin Morgan, 53, died yesterday in Charlestown, Pa.

He was a son of Mrs. Eliza (Green) Morgan and the late David Morgan, former residents of Lonaconing.

Survivors include his widow, Mrs. Gladys Morgan, and a daughter, Sarah, at home.

FROSTBURG — Mrs. Emma Yutzy, 64, wife of Elmer Yutzy, of Finzel, died yesterday morning at Miners Hospital where she was admitted Saturday night.

A lifelong resident of Finzel, she was a daughter of the late Jacob and Margaret (Bittner) Baker.

Also surviving besides her husband, are five sons, Frank, Wadsworth, Ohio; Lloyd, Ervin and Harold Yutzy, Chicago, Ill.; two daughters, Mrs. Rosella Lottig Acosta, Pa., and Mrs. Floyd Hoover, Frostburg; two sisters, Mrs. Richard McKenzie, of here, and Mrs. Bertha McKenzie, Meyersdale, Pa.; nine grandchildren and six great-grandchildren.

The body is at the Durst Funeral Home where the family will receive friends from 2 to 4 p. m. and 7 to 9 p. m.

Services will be conducted tomorrow at 2 p. m. at Hostetter Church of the Brethren near Finzel. Burial will be in the church cemetery.

MRS. EDGAR BENDER
Mrs. Lena May Bender, 69, wife of Edgar H. Bender, 528 Schlund Avenue, died Saturday in Memorial Hospital where she had been a patient two weeks.

A native of Martinsburg, she was a daughter of the late Martin and Elizabeth Brown.

She was a member of St. Mark's Reformed Church.

Besides her husband, she is survived by a daughter, Mrs. Estel Oster, this city; a sister, Mrs. Ella Montgomery, Williamsport, Md., and a grandson, Charles Oster, this city.

The body is at the Hafer Funeral Home where services will be conducted today at 3:30 p. m. by Rev. Carl H. Clapp. Interment will be in Rose Hill Cemetery.

Pallbearers will be James Stemple, John Beegle Jr., Leo Wilson, George Loy, Oscar Nash and John Zimmerman.

VFW Post Election Slated March 19
FROSTBURG — Nomination of officers for the March 19 election of John R. Fairgrieve Post 2462, VFW, were announced this week as follows: Charles Merbaugh, commander; Bernard Smith, senior vice commander; Richard Grey, junior vice commander; Robert Perdew and J. Walker Chapman, quartermaster; William Preston, judge advocate; William Mears, post chaplain; Dr. John B. Davis, post surgeon; and Walter Engle, three year trustee; Roy Loar, two-year trustee, and Frank Pantuso, one-year trustee.

Additional nominations may be made from the floor at the March 19 meeting with the election taking place immediately thereafter. Refreshments will be served following the business meeting.

Low Heat Welding Demonstration Set
MOOREFIELD, W. Va. — C. B. Hiatt, vo-ag instructor at Moorefield High School, announces a demonstration and lecture program on low heat welding at the vo-ag shop on Tuesday starting at 12:30 p. m.

The demonstration is sponsored by the Eutectic Welding Company of Winchester, Va., and New York City and by the Moorefield High School vo-ag class.

Mr. Hiatt stated that all persons interested in a demonstration on the welding of aluminum, cast aluminum, metals cast to other metals and hard to weld metals are cordially invited to attend.

Curate To Preach
LONAONING — Rev. Harold "Jack" Wilson, curate of St. Mark's Parish, Brunswick, will be guest preacher at St. Peter's Episcopal Church on Wednesday at 7:30 p. m. There will be Holy Communion Wednesday at 9:30 a. m.

Admitted To Hospital
FROSTBURG — Mrs. Margaret Robertson, Mt. Savage, has been admitted to Miners Hospital as a medical patient.

Garrett County Homemakers Busy
OAKLAND — The first of a number of homemakers club activities scheduled in Garrett County this week is a meeting of the Casselman Valley Homemakers Club tonight at 8 o'clock at the home of Mrs. Starr Michaels.

Miss Ethel Grove, home demonstration agent, will give a demonstration comparing the cost of serving ready-to-serve and partially prepared foods with those made at home.

Tuesday the Mars Hill Club will meet at 1:30 p. m. at the home of Mrs. Leslie Stanton. The Deer Park Club will meet at 7:30 p. m. tomorrow at the home of Mrs. Benjamin Perando.

The McHenry Club will meet at 1:30 p. m. Wednesday in the United Brethren Church basement.

Today from 10 a. m. until 3 p. m. a beginners' clothing workshop will be conducted in the Lutheran parish house here. Thursday from 10 a. m. until 3 p. m. the folks who wish to make fabric covered lampshades will meet at the Grantsville Fire Hall. A similar meeting for folks in the Oakland area will be conducted at the extension office from 10 a. m. until 3 p. m. Friday.

Miss Clara Butler
Miss Clara Butler, 55, of 39 Lamont Street, died Saturday in Memorial Hospital where she had been a patient 11 days.

She was a daughter of the late George and Laura (Showacre) Butler.

She is survived by three brothers, Joseph Butler and Benjamin Butler, both at home, and John Butler, who resides in France. The body is at the Kight Funeral Home.

Services will be conducted tomorrow at 2 p. m. at the funeral home by Rev. Robert C. Nimon, pastor of Grace Methodist Church. Burial will be in Rose Hill Cemetery.

Science Fair At Keyser High Opens Friday

Kiwanis Club Sponsors Event

KEYSER — The first annual Regional Science Fair, scheduled to be held at the Keyser High School on Friday and Saturday, promises to be an interesting attraction, sponsored by the local Kiwanis Club in conjunction with the fourth annual Ham, Bacon and Egg Show.

The gymnasium and auditorium will be used for the joint attraction, and will have another outstanding feature at the same time, a forestry school, in which high school boys and girls will be actively participating.

The Regional Fair with displays of work of youth will be a feature different from anything ever conducted in Keyser, with the youth of the area displaying their knowledge and activity through workable plans, models and knowledge acquired through study and work.

Such exhibits as the following will be erected:

One, a "planetarium" by Samuel G. Umstot, Fort Ashby High School.

A model of a natural water system by Larry Tracy, also Fort Ashby.

Gregory Keener will exhibit a rock and mineral collection. He is a Keyser High School student.

Homer L. Simpson Jr., Keyser High, will feature a rocket exhibit, he has titled "Into Outer Space."

From Piedmont High School a number of exhibits will be presented which will include "How Conductivity of a Solution is Related to the Concentration," by Terry LaRue; "Speed Parts for Chevrolet V8," by Kermit Becker; "Inorganic and Organic Nutrients in Food" will be exhibited by Brenda Joy Cook.

Janet Knotts, Helen Drane and Nancy Sager; Ann Virginia Drane will present an exhibit, "Law of the Pendulum."

Mary Lou Dunnivan has an exhibit of the "Circulation of the Human Body"; James Feaster and Rex Chilcote have collaborated on an exhibit featuring a Rocket.

Robert Hamilton and David Hamir have developed an exhibit on oil drilling; Raymond Lee, William Walker and Wayne Russell have prepared an exhibit on "Staphylococcus and its Growth"; "The History and Conquest of Polio" is the subject to be presented by Sharon Munroe; Robert Poland will present an exhibit featuring "Soilless Culture of Plants"; Sarah Ann Small's exhibit explains the Deformities of the Spinal Column; Charles Stewart presents an exhibit of rocks collected from different areas of Mineral County; a home-made incubator for chicks has been prepared by Edward Warnick.

From Keyser High School, Robert Steele has prepared an experimental smoke tunnel; Charles Kasmier will exhibit a model radio control plane; Marjorie Folk joins with Penelope Matson to exhibit "How Steamlining Affects Air Currents."

These two young scientists are from Martinsburg High School.

Additional exhibits from Piedmont High students include Robert Knight's "Motors"; David Blowe's "Coal" and an exhibit concerning the human brain by Louise Cather.

Two exhibits from Berkeley Springs High School are also scheduled.

A prize of \$50 will be given the boy and girl who receive top honors in this fair and certificates of achievement will be presented to those placing second and third.

All entries will receive a Certificate of Participation in the fair.

Jessie E. Whorton
Jessie Edward Whorton, 52, Polish Mountain died Saturday in Sacred Heart Hospital where he had been a patient since February 25.

A native of Little Orleans, Md., he was a son of the late George and Ida (Hill) Whorton. He worked as a farmer.

Survivors include his widow, Mrs. Goldie (Shipley) Whorton; two sons, Charles V. Whorton, this city, and Edward I. Whorton, Flintstone; a step-daughter, Mrs. Richard Watchford, city; five brothers, Robert, Ray, Floyd and Ralph Whorton, all of Flintstone, and Leander Whorton, Oldtown; two sisters, Mrs. Frank Peckham, Lakehurst, N.J., and Mrs. Roy Fletcher, Flintstone; four grandchildren and a step-grandchild.

The body is at the Hafer Funeral Home where services will be conducted today at 12:30 p. m. by Rev. John H. Buffenmyer. Interment will be in the Glendale Church of the Brethren Cemetery at Flintstone.

The family will receive friends at the funeral home from 2 until 4 p. m. and 7 until 9 p. m.

Pallbearers will be Carl, Paul and James Fletcher, Henry Craz, Robert Shipley and Paul Smith.

Miss Clara Butler
Miss Clara Butler, 55, of 39 Lamont Street, died Saturday in Memorial Hospital where she had been a patient 11 days.

She was a daughter of the late George and Laura (Showacre) Butler.

She is survived by three brothers, Joseph Butler and Benjamin Butler, both at home, and John Butler, who resides in France. The body is at the Kight Funeral Home.

Services will be conducted tomorrow at 2 p. m. at the funeral home by Rev. Robert C. Nimon, pastor of Grace Methodist Church. Burial will be in Rose Hill Cemetery.

Admitted To Hospital
FROSTBURG — Mrs. Margaret Robertson, Mt. Savage, has been admitted to Miners Hospital as a medical patient.

JOINS STAFF—Ernest Vernal Helland of Parkersburg, W. Va., has joined the maintenance department at the Luke mill of the West Virginia Pulp and Paper Company as planning and scheduling supervisor. He has been a field engineer for Albert Ramond and Associates, Chicago management consulting engineering firm since October, 1955.

Moorefield To Get Poultry Laboratory Costing \$25,000
MOOREFIELD, W. Va. — The West Virginia Legislature has appropriated \$25,000 for a new poultry laboratory here, Senator Ralph J. Bean and Delegate H. Gus Munzing informed the Moorefield Lions Club at a recent meeting.

The legislators also reported that \$35,000 has been appropriated by the Legislature for construction of a recreational lake near Wardensville on the George Washington National Forest lands by the Conservation Commission.

The recreational lake project was sponsored by the Wardensville Lions Club. Both appropriations will be effective July 1.

Frostburg Firemen Get Eight Calls
FROSTBURG — Frostburg firemen answered a total of eight calls during the month of February, according to Paul Haberlein, fire chief.

Four were flue fires, one house, one garage, one electrical wiring and one auto wreck. At the latter the victim was also taken to the hospital by the companies equipment truck.

Chief Haberlein stated that the only damage was an estimated amount of \$500 on the house on Park Avenue. Two calls were answered this weekend, one a tree on fire on Welsh Hill Saturday evening and a brush fire in Eckhart on Sunday afternoon.

Beall Elementary PTA Meets Tonight
FROSTBURG—The Beall Elementary PTA will meet today at the school with home room visitations beginning at 7:15 p. m. and concluding at 7:45 p. m.

A business meeting will then be conducted by Thomas B. Powell, president, with Rev. William Yingling, pastor of St. Paul's Lutheran Church, giving invocation.

Following the pledge to the flag, committee reports will be given. Miss Estelle Williams, program chairman, will present Miss Margaret Jones who will sing several numbers accompanied by Miss Mabel Myers at the piano. Mrs. Raymond McFarland, chairman of the Child Study group, will present a program assisted by eight parents of Beall Elementary. Refreshments will be served at the conclusion of the meeting by parents of the first and second grades.

Palace Theatre Meets Tomorrow
LONAONING—Health Center meeting will be Tuesday at 7:30 p. m. at the Lonaconing center. Baby Clinic will begin at 9:30 a. m. on Thursday. The second clinic is scheduled for Friday, March 21, at 9:30 a. m. at Lonaconing Health Center.

Oakland Votes Today; County Filing Ends Too

OAKLAND — Five candidates for councilmanic posts in Oakland will contest for three seats in the annual municipal election today. There will be no contest for mayor or town treasurer.

In the race for council are Clayton O. Winters and Robert M. Maroney, incumbents; John R. Browning, John H. Wolf and Henry W. McComas.

Russell L. Smith, incumbent, was the only person to file for mayor while Mrs. Beryldine Stanton, incumbent, the only candidate for treasurer.

Voters will go to the polls from 9 a. m. until 6 p. m. at the council chamber in the municipal building on Third Street. Citizens will vote by voting machines and the result of the election should be known shortly after the voting has been completed.

Harry L. Stemple, whose term of office as councilman will expire, is not a candidate for reelection. Holdover members of council are Carroll Miller, Eugene Flinn and Dr. E. I. Baumgartner.

File For Office
May County primary political activity continues to increase with the announcement of 13 additional candidates for public office. This made a total of 24 with 18 of them being Republicans and six Democrats.

There are six candidates for county commissioner, four of them Republican and two of them Democratic. On the Republican side are Charles C. Mason, Oakland; Harvey D. Swartzentruber, RD 2, Oakland; Philip Filsinger, Deer Park and Wilbur Arthur Hinebaugh, Friendsville. Mason and Swartzentruber would be in Commissioner District 3, while Filsinger would be in District 1.

Mason is a lumber mill and timber operator, owning the C. C. Mason Lumber Company in Mt. Lake Park. Swartzentruber is now president of the county commissioners and is completing his fourth year as a member of that body. He lives about three miles south of Oakland on Route 219, and also operates a harness and shoe repair shop in Oakland.

Hinebaugh is a farmer and timberman. He is a member of the Church of God of Friendsville. This is his first time in politics.

Filsinger is a farmer in District 10.

The two Democratic candidates are Elra Franklin Garletts, Friendsville, and Harvey B. Sines, Oakland. They would be from Districts 2 and 3, respectively. Garletts is a farmer and at present is head of the Garrett County Farm Bureau. Sines was an unsuccessful candidate four years ago.

Richard L. Davis announced his candidacy for clerk of Circuit Court to succeed himself. He has been in the clerk's office since 1938, and has been clerk since 1946. He is completing his third term.

GOP Women Meet Today

KEYSER — Mineral County Chapter of the Federated Republican Women's Club of West Virginia will meet in the Court House today at 7:30 p. m. This will be the first meeting since the winter recess and a large attendance is expected.

The meeting will be devoted to plans for the coming year with arrangements to attend the state convention to be held in Clarksburg during April. Plans for national and state leaders to speak before the club are being made.

Plans for the kick-off dinner for the 1958 membership drive, which has been tentatively set for April, will be made at the meeting.

The Lure Of Gold: A New Rush Coming?

One hundred and ten years after the original California gold rush, prospectors once again are returning to the scenes of bygone bonanzas in search of gold dust. This time, however, the prospects of uncovering large veins of gold or discovering new mother lodes are practically nil. Prospectors today are not attracted to the vocation by illusions of gigantic strikes and quick wealth. While no miner cares to admit such a possibility does not exist, he is more intent upon earning a livelihood than striking it rich. Gold has long had an attraction for the adventuresome prospector and had it not been for several modern interruptions, the return to the gold fields would have taken place almost a decade ago. World War II, with the resultant shortage of mining equipment and government restrictions on gold mining, started an 18-year decline in gold prospecting. The end of the war saw the dawning of the nuclear age, with its demands for uranium and other new ores. About the same time full capacity production of civilian goods caused base metals such as copper, zinc, nickel and lead to zoom upward, and the interest of prospectors was directed to these fields. Now, with metal markets back to earth, the \$35 an ounce for gold guaranteed by the government again beckons strongly. With gold there is no shortage of a market, only the problems of finding the ore and mining it economically enough to make a profit from a price which has been fixed at the same level since 1934. Perhaps the writings of such notables as Jack London, Bret Harte and Mark Twain have helped create the adventuresome spirit of the gold prospector, but the lure of the golden nugget has not dimmed through the years.

These Days

By George E. Sokolsky

PAL

I attended a luncheon to influence newspapermen to favor PAL, the New York City police-sponsored organization, which through some 40 centers interests boys and girls in the idea that gangs could be teams and there is just as much fun. I did not think that the idea was adequately presented. It was played down, perhaps because public officials fear stating a case with adequate and truthful drama lest they be accused of giving their city a bad name.

This is bunk because when children play at murder, the situation is real bad. Also for some reason, all that those who run PAL can raise is about \$750,000 a year which is chicken feed for the job that needs to be done. New York, where some women buy dresses at \$2,000 a piece, can afford \$5,000,000 a year for this kind of work.

After all, cops cannot go out raising subscriptions because that soon degenerates into graft and blackmail. For this an effective citizens' committee is needed with enough gumption to ask for the right amount of money to do something about youngsters who are unwanted because of their racial and color and linguistic distinctions and who know that they are unwanted.

New York gangs have always been organized by the newest element in the population. The notorious Five Points gang of Horatio Alger's time or the Hell's Kitchen gang half a century ago was composed principally of the Irish. The Gas House and the Car Barn gangs were Irish, the latter with some Germans. There are no Irish or German gangs in New York today, just as the Jewish and Italian gangs are disappearing. These immigrant populations have been to a lesser or greater degree assimilated and integrated, to use fancy terms for a normal process of older generations dying off and the newer generations seeking to be like everybody else.

The newer population in our big cities, particularly in New York, is Negro and Puerto Rican. The latter have a particularly difficult time because Puerto Ricans do not regard themselves as Negro and reject the secondary status which is the lot of the American Negro in northern big cities. The Puerto Ricans resent the racial discrimination and the fact that they are unwanted except on Election Day when the politicians need their votes.

Because politicians are anxious to avoid offending voters, they do not face this gang problem honestly. They avoid saying that gangs are generally made up of persons of the same racial, religious, or neighborhood affiliations. The present gangs in New York are principally Negro and Puerto Rican, with a few whites intermingled by geographic accident.

The essential difference between present gangs and those of the Prohibition Era or half a century ago or a century ago is that the age of the gangsters continues to be younger. J. Edgar Hoover has, for many years, been calling attention to the fact that the criminals of the United States are constantly growing younger. These boys and girls do not get a chance to be decent. When a boy of 11 commits murder, it is a pitiful spectacle.

It is probably correct that there is not a single teen-age gang that could not be diverted into a team or a group of teams. These boys want to be active. They want to make their mark. They want to be admired by girls. They want to be heroes.

As all of my childhood was spent under conditions identical with those which nowadays shock the country, I can have some understanding of the problems that face a growing child who has nowhere to go and nothing to do. The child does not know that the real curse that has befallen him is that his parents have chosen to live in the big city where human beings are crowded into tenements like cockroaches.

What does a child do in the city? In my day, it was still possible to play on the streets but now the streets are full of automobiles. Where does a child go for companionship? It depends upon luck. Where there is a social settlement or a PAL club, the child could be fortunate. Otherwise, the gang offers interest and excitement.

So what we need is loads of money for such organizations as PAL, millions of dollars to assimilate these kids into American life.

'Doesn't Solve Anything—But It Gets Votes'

How Would The 'Shadow' President Operate?

By Stewart Alsop

WASHINGTON — At his press conference last week, President Eisenhower looked and talked better than he has for a very long time. He seemed ruddily vigorous, and his manner was both alert and relaxed. Even so, there were more questions about the problem of the Presidential succession than about any other topic. In view of the President's medical history, it is no doubt natural that this should be so.

As the President said, "There are a lot of people who are not better lawyers than I am . . . making a lot of commitments on this thing." But it does not require a degree in constitutional law to understand why House Speaker Sam Rayburn and a few others are so adamantly opposed to creating what Rayburn calls a new "Office of Acting President." All it requires is an effort of imagination and a sense of the political realities.

Suppose that the President suffered another "episode." Suppose that he were partially disabled, but that his doctors held out some hope that before the end of his term, he might again assume office. Under the President's agreement with Vice President Nixon, the Vice President would then become "Acting President," while the President would presumably retire to Gettysburg to recuperate.

But what kind of President is an "Acting President?" In terms of the political realities, an acting President is not really President at all, so long as it is hoped or expected that the President himself will resume office. For in a practical, if not in a legal sense, an acting President would lack the untrammelled power to hire and fire on which his authority over the Executive Branch is based.

Take three specific examples.

The most obvious is the case of Secretary of Agriculture Ezra Taft Benson. It is a good bet that, if Nixon became President in his own right, one of his first acts would be to replace Benson. For Nixon has long lent a sympathetic ear to the wails of mid-West Republicans who consider Benson a political disaster.

Yet how could an acting President, a mere seat-warmer awaiting the President's return, fire the man whom the President has defended more fiercely and stubbornly than any of his other subordinates?

Another obvious example is that of Presidential aide Sherman Adams. For more than Nixon himself, Adams has been the real acting President during the President's illnesses. Nixon and Adams are cordial, but they are not personally close. Almost the first thought of any President is to have his own man, a man responsive to him and him alone, as his chief administrative assistant.

Yet how could a mere acting President, while the real President still lived and hoped to return, fire the man closest to the President and most trusted by him? Finally, take a less obvious example, that of Secretary of State John Foster Dulles. Again, the relationship between Nixon and Dulles is cordial enough. But every President in history, and for very good reason, has always wanted his own man in the crucial foreign policy post.

Yet how could a temporary President replace a man whom the President has rescribed as one of the greatest Secretaries of State in American history? The list could be lengthened almost indefinitely. But the point is surely clear. So long as there remained a chance that the President would again assume office, the acting President would be a mere shadow of the President. The members of the Administration would be frozen in position, and so would the policies they represented.

For a time, no doubt—a month or two—this system could be made to work somehow, especially if it were considered certain that the President would return. But in such times as these, it could not possibly be made to work indefinitely. For these times urgently require a real, and not a shadow, President.

Baering Down On The News

By Arthur "Bugs" Baer

We must have a big diplomatic wardrobe to require forty coat-holders.

That many small nations have signed our non-visiting guest book. Things should start moving now as Jonah said when the whale got hiccups.

Only trouble with that big audience is too many get between the projector and the screen.

But a military attache could pick up a lot of fruit salad by not skipping a lecture.

Not one of our allies has anything up in the air that doesn't belong there. But don't forget that West Germany paid off in von Braun.

There is a possibility of England getting a scalded space cat above the building line. We'll wait until next Christmas to see what France gets in its Mechano set.

Outside of that we're playing it alone like a hermit with halitosis. We're not going to get any more help than a hen laying an egg.

But we welcome the forty and forty more. All we have to do is make the mat bigger. (Copyright 1958, New York Herald Tribune Inc.)

Cause Of Lung Cancer Still Not Established

By Dr. Theodore R. Van Dellen

The cause of lung cancer has not been established definitely. Many top specialists are convinced that smoking is responsible and are continuing to push research to accumulate more evidence.

Individual studies from several countries are in agreement that the risk of lung cancer increases in proportion to the duration of the use of cigarettes and the quantity of smoke inhaled. Tobacco manufacturers and their advisers are not ready to accept this as proof.

The opinion of the practicing physician varies with his experience. It is difficult to convince Dr. A that a relationship between the two does not exist when his

last two lung cancer patients were heavy smokers. The only man on the staff of one Chicago hospital who developed this type of malignancy was a chain smoker.

The tarlike substance in tobacco smoke is suspected of being the irritant. This had led to the development of filters. The Sloan-Kettering Institute for Cancer Research has found that the smoker of most brands of filtered cigarettes are inhaling as much or more tar as smokers of the unfiltered kind.

Why? Because the type and cut of tobacco have been altered

to meet the popular demand for increased flavor. An improved filter is said to be available that will remove 40 per cent of the tar from smoke. If tar is responsible, this should affect the incidence of cancer, provided the kind of tobacco, size of the cigarette, and consumption of the weed remain the same.

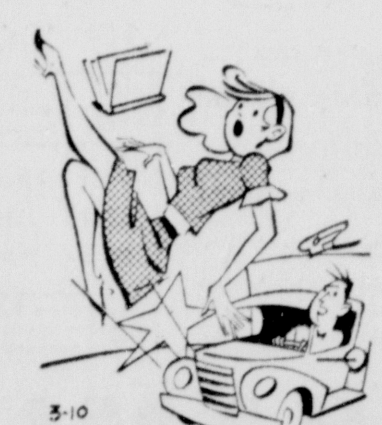

One result of research on the heat at the end of the cigarette showed no cancer causing substances in the residue of smoke when tobacco is burned at 620 degrees centigrade or less. Our modern cigarette burns at 800 degrees C. A cooler smoke should be a safer smoke.

Research is being conducted also on the waxy outer coating of the tobacco leaf; the majority of the cancer causing agents come from this part. It is possible this hazard will be eliminated in the future.

Tomorrow: The course of measles.

PAIN WHILE WORKING Mrs. G. writes: Whenever I use my arms for any length of time, such as in kneading bread or ironing, I get a dull pain between my shoulder blades. After I rest it goes away but recurs when I resume my chores. Can anything be done to prevent this discomfort?

REPLY Pain may be due to tension, to a rheumatic condition of the shoulder or upper spine, or to an awkward position while working. Relief may follow the use of aspirin, heat, or changing the posture so that you can iron without strain.

it is, the chances are he'll drive his car into it."

Sign spotted by Louis Sobol in his native Waterbury, Conn. "Clean and decent dancing here every night—except Sunday."

French Military Is Out Of Hand; Endangers Civilian Government

By Drew Pearson

WASHINGTON — When President Eisenhower said last week that the French-Tunisian dispute was difficult, he was being diplomatic. For the CIA and State Department reports sent him from Paris indicate that the French military are seriously out of hand and that France faces its most serious political crisis since the days of Napoleon.

Even if Premier Gaillard ordered the French Army to evacuate Tunisia it's doubtful if he could get the generals to obey. The French military is so completely out of hand that foreign diplomats in Paris, including the Russian Ambassador, frequently consult not the Premier but General De Gaulle—the only man who seems to have any control over the military.

Eisenhower has received word from his American observers that Premier Gaillard is very much like a man sitting on top of a volcano. If he makes concessions in Tunisia it may be the signal for his generals to revolt and install a right-wing dictatorship. The generals have even proposed an all-out blitz of Tunisia, claiming they could take over the entire country in three days.

Such a blitz, of course, would be the signal for an Arab uprising against the west extending from Morocco to Saudi Arabia, would probably lead to the Nasserizing or even the Sovietizing of all North Africa.

Junkets To Outer Space Rep. Leo O'Brien, the Albany, N. Y., Democrat, was musing

over his unexpected appointment to the new Congressional committee on outer space.

"I don't know why they chose me," said the new Congressional space cadet. I don't have any constituents on the planet Jupiter.

"I'm going to introduce a resolution that there be no travel by the committee," he joshed. "There wouldn't be any point in junkets anyway. I understand there aren't any State Department counterpart funds on the moon that the committee could spend.

"If there are any junkets, I'm going to suggest that we send the most junior member of the committee. If he gets back all right, maybe I'll go on the second trip."

Insurance Company Windfall Five million unemployed walking the streets, and cries for bigger government programs to create jobs haven't deterred the big life insurance companies who came before the Senate Finance Committee last week in search of a \$124,000,000 retroactive tax cut.

For nine years out of the past ten, the insurance moguls have come to Congress for special legislation to avoid paying taxes at the regular rate established in 1942. This year a special tax concession, sponsored by Wilbur Mills, Arkansas Democrat, whipped through the House of Representatives like a breeze but was held up in the Senate Finance Committee by Sen. Clinton Anderson of New Mexico, himself an insurance man.

Subsequent testimony revealed that the Prudential Insurance Company will put away windfall profits of \$18.5 million if the special tax bill is again enacted.

Laurence F. Lee, Jr., president of Peninsular Life Insurance of Jacksonville, Fla., a small company, testified that his firm would have a 1957 deficit of \$81,900 under the loophole formula and a deficit of \$120,000 if it paid taxes under the permanent 1942 law. Sen. George Smathers of Florida asked whether this would put Peninsular Life out of business.

"No, but it would prevent us from employing more people instead of making us cut back," Lee replied.

Sen. Albert Gore of Tennessee pointed out that in an earlier statement Lee described the deficit as a "planned" loss.

"I may be telling trade secrets," replied Lee, "but we've been planning an expansion in Puerto Rico and we spent more than we took in."

"Then your deficit was a result of capital investment in the development of new territory," Gore stated. "In that case you are not surprised at the losses. They are not attributable to taxes under the present law."

Gore recalled that one day earlier he had asked Charles A. Taylor, president of the Life Insurance Company of Virginia, whether the 1942 law imposes an unbearable burden of taxation on his company. Taylor's firm is one which planned its 1957 operations on the assumption that taxes would be paid at the regular 1942 rate.

"No, sir, I cannot come here begging for relief," Taylor replied.

Gore noted that Prudential was asking for forgiveness of \$18.5 million in taxes owed for 1957, yet the committee had not received any financial statement from Prudential.

Capital Chaff

Congressman Mike Kirwan of Ohio chided Congressman John McCormack of Massachusetts for proclaiming March 4 as Theodore Roosevelt Day and forgetting it was also the twenty-fifth anniversary of another Roosevelt's New Deal . . . Just before Dave Beck was convicted, he pleaded on the long-distance telephone with Jimmy Hoffa, his former subordinate, to keep him as the American representative on the International Federation of Transport Workers. This would have given Beck an excuse to go abroad. (It now looks as if Beck isn't going any place.)

Walter Reuther of the Auto Workers has urged AFL-CIO president George Meany to declare open war on the Senate Rackets Committee. Meany protested privately to the committee over the Kohler investigation, claiming it was a labor dispute, not racketeering. But Meany turned down Reuther's advice to attack the committee openly. Reuther now urges a frontal forthright assault on the Rackets Committee by organized labor. (Copyright, 1958, By The Bell Syndicate, Inc.)

Jim Bishop: Reporter

By Jim Bishop

SAN FRANCISCO—Some wives make their men feel big and wise. It works only when it is convincing. Dorothy makes it work. She is a plain woman, in the mid-forties, and she listens to her husband as though his next words would save her immortal soul. When he talks, I watch her and she blinks behind her glasses and she smooths the black satin sheen of the Chinese dress she wore to impress him.

He thinks she's Miss America. They came to see me at the Fairmont Hotel and I called Gladys Wallace, who handles room service, and I asked her to send up some bourbon and ice and soda and three menus. For a few hours, I knew, this was going to be Old Home Week because I grew up with Dorothy's husband—Captain Alexander L. Porter, U. S. Army Retired.

In the universal dice game, we all try to throw sevens. Some of us make it. Many do not. In the dear, dead dreadful days of adolescence, Al Porter was the One Most Likely to Succeed. He had intellect and red hair and he was a born mathematician and he had a sense of humor which sometimes disgraced him in vaudeville houses when he laughed so hard that he slid down between the seats and once, in the long ago, it required two ushers to lift him out.

He had a head full of music but he couldn't get it through his fingertips. He played Beethoven and Brahms and he got stuck in the middle with clinkers and often, what started out as a concerto, ended up in the "Minute Waltz," which he knew backwards and played that way.

Alexander Porter had a good job with the New York Life Insurance Company in the 1930s. He quit it. He had to be a superpatriot. He saw war coming and he went to Dumont, N. J., and enlisted in the 165th Field Artillery. "Are you out of your mind?" I said. He nodded. "It's entirely possible," he said. "You war is coming and I'm the first man in it."

"What about your job?"

"I have a new career. I'm going to stay in the Army."

He did. He served in many places and, as always, he was such a diligent craftsman that his superiors kept recommending him for promotion. He made Pfc. and then corporal and he went to Fort Sill and became a buck sergeant and on up to top kick and, when Pearl Harbor came, he was Second Lieut. Porter and he was in high gear.

The mark of the good soldier, he always said, was to gripe in private. He gripped when they sent him to Palm Beach to maintain an air field, and he stopped griping when they sent him to the far Pacific. When the war was over, he was Major Porter in the city of Tokyo. He learned to speak some Japanese and he was permitted to have Dorothy with him.

This was the high water mark of the Boy Most Likely. He began to throw snake eyes and box cars. The Army grew smaller. He lost his commission. He could remain as a sergeant or he could get out. His patriotism had cost him 10 years. There was no place to go. Al Porter remained in the Army.

He fought his way back up to Captain. Peacetime fighting is harder than war. Only a man unafraid of work and abuse could have done it. When he got back up, the vision of one eye began to fade. The Army doctors examined. They flew him to San Antonio, Texas. There, they found that he had a mysterious hole in the back of the retina and, before anything could be done, he was blind in one eye.

The Army could not use him anymore. He was retired on 30 per cent disability. He went down, down, down. Nobody wanted him. He worked on Market Street, San Francisco, in a clothing store. He was a clerk in the cellar. The pay was so small that Dorothy went out and got a job.

At the age of 49, a few months ago, the clothing store fired him. He reads all the ads in all the San Francisco newspapers and he hurries out looking for a job. As a time keeper, as a mathematician at a desk, Al Porter is a wizard. But when they find that he has only one eye, they turn him down.

Last night he put on a collar and a tie and Dorothy wore her Chinese dress and they came to see me and he lifted his bourbon and said: "Jimmo. To you. You got it made." I looked at Dorothy and I thought: "Oh no, my friend. You got it made." I didn't say it.

The left at eleven. "Give me your address," I said. "In case I hear of something." He smiled. He knew I wouldn't hear of anything. "It's 24 Randolph St., South San Francisco," he said. "I'm pretty good at figures."

"Yes," I said. "Some of them add up to nothing."

(Copyright, 1958, King Features Syndicate, Inc.)

You're Telling Me!

By William Ritt

An English used car dealer sold a 20-year-old auto, taking in a 10-year-old donkey as down payment.

It's Grandpappy Jenkins' guess that one can't go and the other won't.

Fort Hill Plays Annapolis In State Tourney Friday Night

College Park Class A Game Set For 7:30

Valley Will Oppose Winner Of Tuesday Playoff At 6 P. M.

Fort Hill High School's Sentinels, champions of District 1, will play Annapolis High School of Anne Arundel county, winner in District 3, in a semi-final round Class A game Friday at 7:30 p.m., in the Maryland scholastic basketball championship tournament at the University of Maryland, College Park, it was announced last night by Robert E. Pence, director of physical education for Allegany county schools and director of the tourney here the past weekend.

Annapolis defeated Westminster and Towson to win district honors.

In the other A semi-final at 9 p.m., Friday, Montgomery Blair High's Blazers, of Silver Spring, boasting a 20-0 record, will oppose Wicomico High of Salisbury, the only Class A school in District 5 on the Eastern Shore.

Valley High School, District One's Class B champion, must wait until Tuesday night to find out who will be its opponent Friday in a 6 p.m. semi-final. Gaithersburg High of District 2 will meet Cambridge of District 5 in a playoff game Tuesday night at Washington College, Chestertown, and the victor faces Valley's Black Knights Friday.

Walkersville High, winner of the District One Class C crown here Saturday night, will appear in the 4 p.m. game at College Park on Friday. Its opponent will come out of the playoff game between New Windsor of District 3 and Caroline, of Denton, District 4 winner, also billed as part of Tuesday's twin bill at Washington College.

Here's the lineup for the state semi-finals on Friday:

1 p.m., Lackey of Indian Head (2) vs. Crisfield (5), Class C.
2:30 p.m., Aberdeen (3) vs. Chestertown (4), Class B.
4:00 p.m., Walkersville (1) vs. winner of New Windsor (3) and Caroline (4), which meet in playoff Tuesday at Chestertown, Class C.
6:00 p.m., Valley (1) vs. winner of Gaithersburg (2) and Cambridge (5), which meet in playoff Tuesday at Chestertown, Class B.
7:30 p.m., Fort Hill (1) vs. Annapolis (3), Class A.
9:00 p.m., Montgomery Blair (2) vs. Wicomico, Salisbury (5), Class A.

The Class C championship game opens the Saturday program at 8 p.m., followed by the B game at 7:30 and the A title game at 9.

Pence stated that two Cumberland officials, Clifton Van Roby and Floyd "Pete" Elliott, will work the 9 p.m. game on Friday between Montgomery Blair and Salisbury.

Robertson Holds Lead In Scoring

By The Associated Press

Oscar Robertson scored 29 points for Cincinnati against Xavier of Ohio Saturday night and the sophomore sensation's average dipped slightly to 34.58 points a game.

But the Bearcats' All-America still holds a commanding lead over Seattle's Elgin Baylor in the race for college basketball's individual scoring championship. Baylor's average is 33.96.

Baylor was idle over the weekend but he will swing back into action Monday against Bradley.

Wilt Chamberlain of Kansas wound up his year's work with a 30.14 points a game average. He scored 23 Saturday night as the Jayhawks beat Kansas State 61-44.

Individual scoring leaders:
1. Robertson, Cincinnati 34.58
2. Baylor, Seattle 33.96
3. Chamberlain, Kansas 30.14
4. Bailey Howell, Miss State 27.80
5. Red Murrell, Drake 26.72
6. Kelly Coleman, Ky Wynn 26.63
7. Don Hennon, Pittsburgh 25.96
8. Hub Reed, Okla. City 25.62
9. Archie Dees, Indiana 25.45
10. Dom Flora, Wash. & Lee 26.36

Walkersville Cops Class C Title Here

Undefeated Walkersville High School of Frederick County notched its 19th win of the season Saturday night by defeating Hancock High School in the Maryland District One championship game at Fort Hill High School by the score of 60-49.

Coach Talley's Lions advanced to the state championship tourney to be held Friday and Saturday at College Park.

Lefty Dick Smith slammed in 24 points for the winners by sinking six shots from the field and 12-14 at the foul line. Corbett and Brannon paced Hancock with 15 and 13 tallies. Walkersville was outscored 20 to 18 from the free-throw line by converting 9 out of 17.

Score by periods:
Hancock 1st 12 2nd 10 3rd 12 4th 15
Walkersville 1st 10 2nd 12 3rd 14 4th 13
Totals Hancock 49 20 17 22 58
Walkersville 29 12 22 17 80
Score by periods:
Hancock 1st 12 2nd 10 3rd 12 4th 15
Walkersville 1st 10 2nd 12 3rd 14 4th 13
Totals Hancock 49 20 17 22 58
Walkersville 29 12 22 17 80

Sentinels In State Event For First Time Since 1949

Trim Hubs, 55-47, Cop District Title; O'Neal Is Standout

A superb performance at the foul line by DeWarren "Junior" O'Neal provided the punch that enabled Fort Hill High School to defeat North Hagerstown High School by the score of 55-47 Saturday night on the Greenway Avenue court in the Maryland District One Class A basketball finale and advanced the Sentinels into the state championship event for the first time since 1949.

Fort Hill had eliminated Frederick here Friday night, 61-56, in taking its first big stride toward a berth in the annual College Park event this weekend.

O'Neal Sinks 17 of 19

O'Neal, 1957-58 city foul shooting champion, proved just that in the clutch when he converted 17 of 19 tosses at the 15-foot mark for an average of .895 and collected a total of 21 points in leading Coach John J. "Bobby" Cavanaugh's quint to a two-game sweep in the district games. It was the most foul attempts that O'Neal had received in 22 games this season and it was the most conversions for him. In an early season contest he hooped 13 out of 18.

Outscored 17 to 15 in field goals, Fort Hill pumped in 25 out of 37 charity shots for a 67.6 mark to bag its 18th win in 23 starts. The Washington Countians made good on 13 of 21 shots for a .619 average.

Field Goal Famine

The score was knotted at 3-3 and 6-6 in the opening quarter which ended 20-12 in favor of the Sentinels. North High pulled to within a point of the locals at 24-23 in the second quarter but Fort Hill held a 31-28 edge at intermission. Fort Hill ran into a field goal famine in the third stanza, scoring only one, against four fouls while Henry's outfit hit for three baskets and one foul to trail 37-35 before the final period got under way.

In the last quarter, the Hubs were only three points behind at 44-41 with 3:24 remaining when fielders by O'Neal and Meeks upped the score to 52-43 and that settled the issue. O'Neal topped off his great night's performance by sinking 7-for-7 from the foul line in the final heat.

Gerald Meeks, who excelled with his rebounding for the Sentinels, tallied O'Neal in the scoring column with five of his team's 15 goals and 11 points. Ed Spencer accounted for six of the Hubs' 17 baskets and led his team in scoring with an even dozen markers.

Art Washington and Dick Spencer exited on personal fouls for the losers.

Won Nine Years Ago

The 1957-58 W.M.I. League, Allegany County Class A and District One champions, and co-holders of the city title, will be striving to do what Fort Hill teams achieved in 1948 and 1949—win the state title—when they invade College Park this weekend. Nine years ago Coach Cavanaugh's last state championship team went all the way by finishing off Hagerstown 40-25, Hyattsville 52-38 and Salisbury 52-36 and wound up with a 25-1 record.

In 1951 Fort Hill won county honors but never got out of the district. That year the Sentinels knocked off Frederick, 59-55, but were derailed here by Hagerstown High, 45-42. This year's finale was just the reverse. Allegany County's last Class A state champion was the Allegany High team of 1954 which beat Annapolis and Bethesda Chevy Chase at College Park.

Beall and Allegany were waylaid in the district by Hagerstown and Frederick in 1955 and 1957 and the Campers bowed to Northwestern in the 1956 state finale, 59-48.

Dodgers Edge Phils In 11th Frame, 5-4

MIAMI, Fla. (AP)—Felipe Montemayor's single in the 11th inning scored Charley Neal from second with the winning run Sunday as the Los Angeles Dodgers beat Philadelphia, 5-4.

The game lasted three hours, 26 minutes, and the victory gave the Dodgers a split in the two-game series, the Phils having won Saturday night, 7-4.

Neal batted for catcher Rube Walker in the 11th, drew a walk, was sacrificed by Junior Gilliam. Philadelphia 010 000 01 00—4 11

Coach Bill Best's Annapolis Cagers Cop 3-A Tourney

Annapolis High School, of Anne Arundel County, coached by William Frederick "Bill" Best, former Beall High School and Frostburg State Teachers College all-around athlete, won the Maryland District 3, Class A title the past weekend at Western Maryland College by defeating Westminster and Towson and will vie in the state championship tourney at College Park this weekend.

Annapolis won the county title by defeating Glen Burnie, 58-47, in a playoff game and finished its regular season with a 12-7 record.

This was Best's first season as cage mentor at Annapolis. "Bill" played on the basketball, football and soccer teams at Beall High and Frostburg State. His parents, Mr. and Mrs. William L. Best reside at Mt. Savage.

Gaels Gain On Leaders

Beat St. Pat's, 62-49, Long Gets 28 Points

Coach Dick Blake's St. Mary's Gaels, first half champions of the Catholic Youth Basketball League, moved within a half game of the front-running St. Peter and Paul quint in the circuit's second half race by defeating St. Patrick's yesterday on SS. Peter & Paul court by the score of 62-49.

SS. Peter & Paul (8-1) and St. Mary's (7-1) meet Wednesday on the Fayette Street court and the former can bag second half honors by winning. A victory for St. Mary's will put the Gaels on top and they will be required to play off a postponed game with St. Joseph's of Midland, probably Thursday, to determine the second half race.

Mike Long, the league's leading scorer, slammed in 28 points on 13 field goals and two foul goals in yesterday's game. Jerry Lowery headed St. Patrick's with nine goals and 18 tallies. Box Score:

Warriors Clobbered

NEW YORK (AP)—The last-place New York Knickerbockers played like champions Sunday as they clobbered Philadelphia 123-81 and prevented the Warriors from clinching third place in the Eastern Division of the National Basketball Assn.

Royals Top Boston

BOSTON (AP)—Jack Twyman scored 30 points to lead the Cincinnati Royals to a 121-107 victory over the Boston Celtics Sunday before a Boston Garden crowd of 10,028.

It was only Boston's third home loss of the National Basketball Assn. season.

Keyser High Dethroned By Martinsburg

Piedmont Bows To Hedgesville

Mineral county's representatives in West Virginia high school basketball tournaments—Keyser and Piedmont—were knocked out of the running by teams from Berkeley county in regional and sectional finals staged Saturday at Shepherdstown and Petersburg. Martinsburg High's Bulldogs won the 6-A sectional at Petersburg by eliminating Keyser High's Golden Tornado, 60-55, and Hedgesville High's Eagles ushered out the Piedmont Lions, 42-39, in the 4-B regional tourney in the championship contest at Shepherd College.

Won Four In Row

Coach George Whitacre's Bulldogs dethroned Keyser after John Shelton's team had won regional honors four years in a row. Martinsburg last bagged the title in 1953 by winning a best-of-three series from KHS. Saturday's win advanced Martinsburg to the 3-A regional event, the winner of which goes to Morgantown for the state tourney.

Accurate foul shooting paved the way for the Bulldogs' victory. The Berkeley countians, held even in field goals at 19, meshed 22 out of 28 free throws to Keyser's 17 out of 27 to stop the Golden Tornado.

The teams were tied at 44-44 going into the final period in which Keyser was outpointed 16 to 11.

Charlie Duvall sparked MHS in scoring with 20 points on seven fouls and 6-7 at the foul line. Doug Brown tossed in 15 points, including 9-12 fouls. Ronnie Smith and Gary Keedy headed the Keyser attack with 16 and 13 tallies.

Eagles Retain Title

Hedgesville, coached by Charley Spencer, retained the Region 4 crown, in the closing minutes after Piedmont had taken a 39-38 lead when Gary Johnson sank four foul shots. The win was the 16th in 17 starts for Hedgesville which last year won 23 out of 26 and got as far as the state tourney before bowing to Burch of Delbarton. The victory on Saturday put the Eagles in the area tourney.

Gale Catlett led the Hedgesville scorers with 21 points while Johnson contributed 15. Joe Taylor and Danny T. Twyman paced the Lions with 11 and 10 markers. Piedmont was outscored from the field, 17-15, and sank 9 of 12 free throws against the Eagles' 8 for 12.

Hedgesville won the regional crown last year by defeating the West Virginia School for the Deaf and Petersburg and whipped Colton in the Area 2 game to move to the state tourney at Huntington.

The setback was the third against 22 wins for Coach "Huck" Miers' Lions.

Petras And Beacham Win CCC Golf Match

In the first challenge match of the 1958 golf season, George Petras and James W. Beacham, the "Silver Fox," defeated Orville W. "Stony" Jackson and John Wilson yesterday at the Cumberland Country Club.

Beacham chipped in for a birdie on the last hole to win the match.

The CCC course was in good condition and approximately 70 members played on Saturday and forty turned out yesterday.

Valley Qualifies For 4th Straight State Tourney

Tops Southern, 63-47, For 11th Tourney Triumph In Row

Valley High School has qualified for the Maryland Class B championship tournament at College Park for the fourth straight year by sweeping through District One opposition in two straight games of the past weekend at Fort Hill High School.

Coach John C. Meyers' Black Knights sewed up district honors for the fourth year in a row by belting Southern High of Oakland, Garrett county's representative, by the score of 63-37 Saturday night after having ushered out Brunswick on Friday to the tune of 48-43.

Win 11th Straight

Saturday night's victory was the eleventh straight in a tournament for the Knights since they lost out to Cambridge High in the semi-finals at College Park in 1955 by the score of 59-39. Cambridge bagged the state "B" crown that year.

Valley's eleven victims have been as follows:

1956 — Southern, 56-54, Thurmont 65-36, Arundel 72-54 and Oxon Hill 66-61.
1957 — Williamsport 35-14, Thurmont 62-48, North Carroll of Greenmount, 71-55, Chestertown 71-47 and Oxon Hill, 64-44.
1958 — Brunswick 48-43, Southern 67-37.

Valley will be going for its third straight state title this week and a team coached by John C. Meyers will be angling for its fifth Class B crown as his Central High Tigers of Loudoun also went all the way in 1950 and 1952.

Cop 16 Out Of 2

The Knights, who held both Fort Hill and Allegany to an even break during the W.M.I. League campaign, outclassed the Highlanders in the district finale and rolled to their 16th win in 22 outings. It was their 6th victory in a row since they lost a 58-40 decision to Fort Hill on January 31.

Valley took a 19-10 lead at the quarter, held a 19-point lead at intermission, 34-15, and was in front by 30 points as the third period ended with the score 50-20. Coach Meyers used everyone but the waterboy in this one—a total of 13 players seeing action, nine of whom scored.

Trio Gets 50 Points

Gordon Green, Hank Winner and George "Tiny" Lauder accounted for 50 of the 67 points racked up by the boys from Prof. Jack Petry's school. Green dumped in 19, Winner 17 and Lauder 14. This trio also collected 23 of their team's 30 goals.

Southern was limited to a measly 13 goals, five of which were credited to Terry Colaw who chalked up 12 points for the losers. The Garrett county quint converted 11 of 16 free throws while Valley sank 7 of 10 shots.

Valley, incidentally, has won the district title four times since the school opened in 1954, absorbing both Central and Barton, five years ago. The win on Saturday was the 84th in five years. During that period the Knights have lost 35 games. This is Meyers' 11th year of coaching. In six years at Central High his teams won 89 and lost 46.

Sunday School And City Loop Playoffs Today

Fearer, Tri-Towns Tilts Also On Tap

Playoff contests in two basketball leagues in Cumberland and in cage circuits in Frostburg and the Tri-Towns are on tap for today.

At Fort Hill High School, the Loyal Order of Moose and the Old Germans will open their best-of-three series for the championship of the City League at 8:30 p.m. The Moose copped first half honors and the Old Germans captured the second half title. The teams will be tangling for the fifth time with the Old Germans winning three of the four games played during the regular season. In the prelim at 7 p.m., the K. of C. will play the Forty & Eight Club.

At the Central YMCA at 8 p.m., McKendree Methodist and St. Luke's Lutheran will meet in a playoff game for the regular season title in the Sunday School League, now in its 30th season. The winner will receive the Loyal Order of Moose Trophy. Jim Roby and John Diamond will officiate. In the first game of the twin bill St. John's Lutheran will meet First Baptist at 6 p.m., in a playoff for eighth place. Ronnie Riggs and Eddie Brode will be the officials.

The playoff championship is at stake in the Tri-Towns Church League at Bruce High School, Westernport, when St. Peter's and The Brethren meet in the final game at 8 p.m. In the consolation game at 7 p.m., First Baptist faces The Lutherans.

Playoff semi-finals in the Fearer Memorial League at Frostburg also are billed tonight with Congregational playing St. Michael's at 7 p.m., and Dickerson and Wesley colliding with Frostburg Methodist at 8 p.m. The championship tilt is billed for Tuesday at 8.

Top 20 Colleges In INS Cage Poll

NEW YORK, March 9 (INS)—Here are the country's top 20 college basketball teams, with win-loss records, as compiled by International News Service in the final weekly nationwide survey:

1. West Virginia	26-1
2. Cincinnati	24-2
3. San Francisco	24-1
4. Kansas State	20-3
5. Temple	24-2
6. Dayton	23-3
7. Notre Dame	22-4
8. Bradley	20-5
9. Maryland	20-6
10. Kansas	18-5

Second Ten: 11. Kentucky 16-6; 12. Duke 18-7; 13. North Carolina 19-7; 14. North Carolina State 18-6; 15. Michigan State 16-6; 16. Indiana 12-10; 17. Utah 20-6; 18. Oklahoma State 19-7; 19. Oregon State 20-5; 20. California 17-8.

Scientists claim that several species of whales restrict their activity exclusively to the Arctic and temperate zone regions.

Martinsburg And Gassaway Open Tourney

Parsons In Elkins Regional Thursday

By The Associated Press

Regional play opens Thursday in the State Class A High School Basketball Tournament with Weirton meeting Clarksburg Victory in Region 1 at Parkersburg and Martinsburg playing Gassaway in Region 2 at Elkins.

The Region 4 competition at Huntington will get under way a day later — Friday — with a doubleheader pitting Logan against Charleston in the opener and Stonewall Jackson versus Huntington in the nightcap.

Snow caused postponement of Sunday's scheduled Region 3 draw at Princeton. The drawings have been rescheduled for 10:30 a.m. Monday.

The championship games in all four regions will be played Saturday with the winners earning berths in the state finals at Morgantown, March 21-22.

The pairings:

Region 1 at Parkersburg — Weirton (19-3) vs Clarksburg Victory (15-8), Thursday. Parkersburg (20-4) vs Triadelphia (14-8) Friday.

Region 2 at Elkins — Gassaway (14-8) vs Martinsburg (15-8), Thursday. Parsons (17-6) vs Clay-Battelle (20-3) Friday.

Region 4 at Huntington — Logan vs Charleston (14-9) and Huntington (20-4) vs Stonewall Jackson (21-2) Thursday.

The Region 3 entries include Princeton (23-0), defending state champion Beckley (16-6), Welch (11-9) and Montgomery (20-2).

The Region 4 entries include Princeton (23-0), defending state champion Beckley (16-6), Welch (11-9) and Montgomery (20-2).

Giants Conquer Cleveland, 5-1

PHOENIX, Ariz. (AP)—San Francisco's Giants hung a second 5-1 defeat on the Cleveland Indians in as many tries in a spring exhibition game at Phoenix Sunday.

The Giants had the Tribe blanked until two were out in the ninth inning when Gene Woodling slammed a home run off veteran relief hurler Marv Grissom.

San Francisco also had a homer in its column as Daryl Spencer tagged one of Gary Bell's fourth inning offerings over the left field wall of Phoenix Municipal Stadium. The other Giant runs were earned.

Garcia, veteran Cleveland right hander, was touched for three hits and two runs and was charged with the loss. Worthington was the winner.

Cleveland... 000 000 001—1 7 2
San Francisco 020 100 02x—5 7 0

Garcia, Beld (4), Grant (6), Woodeschick (7) and Nixon; Worthington, Shipley (4), Broglio (7) Grissom (9) and Schmidt, Katz (7). W—Worthington. L—Garcia. Home run — San Francisco's Spencer, Cleveland, Woodling.

Garcia, veteran Cleveland right hander, was touched for three hits and two runs and was charged with the loss. Worthington was the winner.

Cleveland... 000 000 001—1 7 2

Pancho Gonzales Trounces Hoad

HOUSTON (AP)—Pancho Gonzales handed Lew Hoad his most one-sided defeat Sunday since the two started their pro tennis tour of the country.

It took Gonzales about 35 minutes to defeat Hoad 6-2, 6-1, on the clay courts of the River Oaks Country Club before a capacity crowd of 2,100.

Both players said the clay courts made the match an unfair test.

The victory for Gonzales leaves him trailing Hoad 19-15 in their 100-match series.

Burdette Unsigned, Asks \$40,000 Pact

BRADENTON, Fla. (AP)—Lew Burdette and the Milwaukee Braves still are miles apart on a 1958 contract.

The world series pitching hero is reportedly asking about \$40,000—about \$18,000 more than he received in 1957. The Braves apparently are offering something closer to \$30,000.

Burdette, who beat the New York Yankees three times in the October classic, feels he should be paid—not only for his 17 regular season triumphs—but for his tremendous showing in the series.

Naturally, the Braves disagree.

FOR SALE
BY THE
STATE ROADS COMMISSION

Sealed bids will be received until noon, Tuesday, March 18, 1958, at the office of the State Roads Commission at Baltimore, Maryland, offering to purchase the improvements located on the former Annie M. Miller property, 300 Springdale St., Cumberland, Md., consisting of a 2-story frame house with 6 rooms and bath, hot water heater and bathroom fixtures on the proposed highway improvement known as The Cumberland Industrial Highway. All of these improvements must be removed to the ground line, by midnight, of the 20th calendar day following, the date notified to proceed. Details, bidding forms and special binding envelopes may be obtained at the State Roads Commission Office at Braddock Road, Cumberland, Maryland. Inspection Monday through Friday by contacting same office. Phone PA 4-5670.

PIRATES -- Improved Bucs Strong Through Middle

By WALTER L. JOHNS
Central Press Sports Editor

FORT MYERS, Fla. — Danny Murtaugh arched a general store stream of tobacco toward the dugout steps at Terry Park here as he talked about his 1958 Pittsburgh Pirates with a quiet optimism.

The "Whistling Irishman," as some call him, chose his words carefully, interspersing them between the tobacco gymnastics, and gave his reasons for the "quiet" optimism.

"We feel we're better off than last year," the Pirates manager said. "Our overall play the last part of the 1957 season was pleasing to us. We got a good bat from Bob Skinner and he looks like he could be one of our power men."

"We hope that Ted Kluszewski will be able to give us a good year. He seems to be swinging the bat well. We have a fine steady ball player in Dick Groat, and he not only gives us good defensive strength down the middle but does well with the bat. He's a real leader, our team captain."

Strong Up The Middle
"Right up the middle we're smiling as the devil," Murtaugh smiled. "In our catcher, Hank Foiles, our mid-infielders Dick Groat and Bill Mazeroski, and our center fielder, Bill Virdon, we have defensive strength."

"Additionally," Murtaugh added, "we've got a fine crop of young pitchers. We have considerable versatility on this club and potentially we have a run-making line."

Murtaugh, former major league infielder who was coach of the Pirates when he replaced Bobby Bragan last year as manager, had a good Pirate record in his part-time tenure as bench boss. The club was playing less than 400 ball when he took over and from then on the team won 26 and lost 25.

The Pirates have a mammoth roster, with Kluszewski, former Redleg home run king, the big key. Klu, who has been bothered by a slipped disk in his back, played only 69 games for the Redlegs last year, being out much of the season.

Ted Says Back Is OK
Ted says his back feels okay now but indicated that it would take several weeks before he would definitely know how it will respond. He has knocked off seven pounds from his weight, now swinging in at 240 pounds. He says he likes it here with the Pirates.

Murtaugh's task, in the camp games, is to find his right combination because of the versatility of some of his players. Frank Thomas, who has been the Buc's home run king, can play third, first or the outfield and Murtaugh says he will put him in the spot "where I find a glaring weakness."

Thomas is listed as a first sacker but Klu may win that spot and also on deck again is that minor league home run star of 1956, Dick Stuart, who has just come off a hot winter league rampage where he broke Dominican loop records.

"Stuart," says Murtaugh, "has all the natural ability in the world. He can hit a ball as far as anybody in any league. We've switched him from the outfield to first."

Mazeroski, the young second sacker, is now in the service on that six-month stint, but will be out in time for the opening game.

The Pirate pitching, which hasn't been good enough in the past, is headed by Bob Friend, Ronnie Kline and Vern Law with Elroy Face listed as No. 1 relief man.

To Carry 10 Hurlers
Murtaugh will carry 10 pitchers so six spots are open. Actually, counting the players not appearing on the Pirate roster, but in camp and being looked at, there are 31 pitchers trying for the staff.

Don Gross, who won seven and lost nine for Cincinnati last year, is the only trade acquisition. Heading the list of hopefuls are Bennie Daniels and George Witt, who had fine records at Hollywood last year. These two won 35 games for the Stars in 1957.

Another who may break in is Joe Trimble, who is not on the regular roster but who has the makings if he ever can return to perfect physical condition. Joe has had a series of ailments, the latest being a bad knee.

Back again is Whammy Douglas, the one-eyed right hander, who had a fine year with Columbus and finished by winning three games for the Pirates last year.

In the infield Gair Allie is back from the service and in the outfield John Powers, who hit 29 homers for Columbus last season, is making a real bid for one of the spots.

Johnny O'Brien, one-half of the brother team, has been switched from the pitching staff to the infield and he could help there.

It's Run Long Time
In its run 10 years since the Pirates finished in the first division. A sparkplug on that team was Manager Murtaugh himself.

Assembly In 4th Extra Day

Legality Of Overtime Doubtful; Governor's Tax Plan May Pass

By HERB THOMPSON

ANNAPOLIS, (P) — The Maryland Legislature gathers once again under a constitutional cloud Monday night to carry on, and possibly complete, its unprecedented overtime session created by tax battles.

Lee Predicts McKeldin Tax Plan Will Pass

WASHINGTON (P) — Delegate Blair Lee III (D-Montgomery) expressed belief Sunday the Maryland House of Delegates would accept on the first or second vote Monday night Gov. Theodore McKeldin's proposals to increase sales and income taxes 50 per cent.

Two state senators, however, indicated the governor's plan might face debate in the Senate that could delay adjournment of the General Assembly still further. The assembly was scheduled to adjourn by midnight Thursday but was held over when a deadlock developed on how to raise additional money to balance the budget.

The House previously has rejected the governor's tax program. Lee was interviewed on a television-radio program along with State Senators Edward S. Northrop, (D-Montgomery) and H. Winship Wheatley Jr., (D-Prince Georges).

Northrop said that what is referred to as the "governor's program" would be in for a "little difficulty in the Senate." The plan calls for an increase in sales tax from two to three per cent effective Jan. 1 and an increase in income tax from two to three per cent for the 1958 calendar year.

Northrop said he thought many senators might vote against an increase in the sales tax but expressed belief the issue would be settled this week.

Northrop said he favored the "Senate" plan which would boost the income tax 50 per cent and add a 5 per cent surtax on top of that and lower the sales tax starting point from purchases of 50 cents to purchases of 33 cents. The plan would tax restaurant meals, soaps and powders and baby oils.

Lee said this would take away "some of the best features of our sales tax law." Wheatley said he favored the Senate plan because it was a fair division of the tax burden.

Growers Meet Here Thursday

The last of the four Allegany County winter meetings for farmers will be held Thursday starting at 1 p. m. at the Court House, according to County Agent Joseph M. Steger.

Dr. C. W. Reynolds, associate professor, vegetable crops, horticultural department, University of Maryland, will speak at 1 p. m. on the fertilization of vegetable crops and new varieties of vegetables for 1958. Dr. Reynolds spoke to the county vegetable growers at a similar meeting last year.

Dr. Ray Kriner of the Central Chemical Company then will discuss weed and insect control in vegetable crops. Dr. Andrew A. Duncan, vegetable specialist at the University of Maryland, has recommended Dr. Kriner, who formerly was in the entomology department at Cornell University. Dr. Kriner will illustrate his talk with slides made from his own photographs.

Former Manager Ill

Paul DeMaray, former manager of the Cumberland Country Club from 1931 to 1946, is critically ill in a hospital in Sarasota, Fla.

Choral Group To Meet

The Cumberland Choral Society will hold a regular meeting tomorrow evening at 8 o'clock in the City Hall auditorium. The meeting had originally been scheduled for this evening.

Births

Mr. and Mrs. David L. Martz, Morgantown, W. Va., announce the birth of a daughter January 21 in Monongalia General Hospital. The paternal grandparents are Mr. and Mrs. Edward P. Martz, 781 Fayette Street.

Mr. and Mrs. James A. Brown, 127 Humbert Street, a daughter yesterday.

Mr. and Mrs. Leonard F. Glenn, 117 Blaul Avenue, a daughter yesterday.

Mr. and Mrs. Joel D. Raygor, Corriganville, a son yesterday.

Mr. and Mrs. Clarence W. Andrews, 31 Marion Street, a son Saturday.

Mr. and Mrs. Carl O. May, Hyndman, Pa., a son Saturday.

Mr. and Mrs. Roy E. Pepper, Midlothian, a daughter Saturday.

Mr. and Mrs. Phillip Hook, Bowman's Addition, a son last night.

Glass Company Has Increased Sales, Earnings

Annual Report Cites Work At North Branch

Pittsburgh Plate Glass Company's Works 7 near Cumberland is cited for its initial production of glass in the annual report to stockholders, which also reports an increase of sales during 1957.

Officials of the company reported net sales of \$620,830,000 or an increase of four per cent over sales of \$596,374,000 for the preceding year.

The report stated the modern glass plant at North Branch began shipping limited quantities of glass at the end of last year, even though the new unit was not fully completed according to original plans.

Net earnings in 1957 were \$57,963,000, equal to \$5.86 per share, compared with earnings of \$55,382,000 or \$5.62 per share in 1956, according to the annual report.

Last year marked the third in succession that the company established a new high in sales.

Company officials said the increase in net earnings was due to lower income tax provisions in 1957. This was caused principally to a settlement in 1957 of federal income tax matters for 1951-53 which indicated that a part of the provision made in prior years was no longer required.

Over \$64,000,000 was expended in 1957 for expansion, replacement and modernization of manufacturing facilities, and an additional \$59,000,000 for unexpended authorizations for plant and equipment.

Cash dividends in 1957 amounted to \$27,192,000, as compared with \$27,054,000 in 1956. The rate per share was \$2.75 for each year.

Payrolls and employee benefits for the year amounted to \$216,425,000, a rise of \$12,053,000 over 1956, while the average number of employees increased from 34,983 to 35,304. In 1957, employee benefits averaged \$941.

Accompanying the annual report to the company's 19,945 stockholders was a booklet commemorating the 75th anniversary of Pittsburgh Plate Glass Company, and including a color photo of Works 7.

The glass firm began its operations in 1883 in Creighton, Pa., and now has 47 plants and 403 merchandising branches, stores and sales offices in the United States and Canada.

Since its beginning 75 years ago in the glass field, PPG has expanded into other diverse industries—paints, chemicals, fiber glass, plastics, brushes, metals and several others.

Delegate Reed stated that he stands on his record and if re-elected he will endeavor conscientiously to make himself worthy of the confidence placed in him by the people of Allegany County.

At this session of the General Assembly in Annapolis, Mr. Reed sponsored legislation that would have increased the unemployment compensation benefits. He also actively supported the bill (H.B. 119) that provides for substitution of projects and expedition of various projects of road construction in Allegany County.

During the 1958 session of the Legislature, the Mt. Savage delegate served on the powerful Ways and Means Committee. He also served on the Judiciary, Labor, Banking, Insurance and Social Securities and Education committees.

45 Candidates In Field As Deadline Nears

LESTER B. REED

Delegate Reed Announces For Re-election

Delegate Lester B. Reed, Mt. Savage, announced last night that he will be a candidate for re-election to the House of Delegates subject to the May 20 Republican primary.

Mr. Reed plans to file this morning with the Allegany County Board of Election Supervisors.

A lifelong resident of Allegany County, he is the son of the late Isaac J. and Annie Yost Reed. His father was killed in a fall of rock at the Sunnyside coal mine in 1912 and his mother died in 1932. His wife is the former Miss Phyllis E. Bennett of Mt. Savage.

A communicant of St. George's Episcopal Church in Mt. Savage, Mr. Reed also is a member of the County Republican clubs. He is a member of Kemp Lodge, A.F. & A.M.; the Mt. Savage Jr. O.U.A.M. and Cumberland Aerie No. 245, Fraternal Order of Eagles.

Delegate Reed is a 1925 graduate of Mt. Savage High School and of Catherman's Business School. He also took several business courses with International Correspondence Schools.

During the 1958 session of the Legislature, the Mt. Savage delegate served on the powerful Ways and Means Committee. He also served on the Judiciary, Labor, Banking, Insurance and Social Securities and Education committees.

At this session of the General Assembly in Annapolis, Mr. Reed sponsored legislation that would have increased the unemployment compensation benefits. He also actively supported the bill (H.B. 119) that provides for substitution of projects and expedition of various projects of road construction in Allegany County.

Others To File On Final Day

Today is the day when the Allegany County politicians of both political parties put up their required filing fees with the County Board of Election Supervisors or stop talking about running for public office.

At midnight tonight the Board of Election Supervisors will slam its door shut as that will be the absolute deadline for candidates to file for the May 20 primary election, which is some 70 days away.

When the Board of Election Supervisors' office in the Court House basement closed at noon Saturday for the weekend there were 36 official Republican candidates and nine official Democratic candidates.

At a meeting of the Allegany County Democratic State Central Committee yesterday afternoon attended by about 75 persons at the Algonquin Hotel five additional Democratic candidates submitted their applications as candidates for public office, and they will be filed at the Court House today.

They included Howard P. Loughrie, this city, former deputy United States marshal, who announced Saturday night as a candidate for sheriff; Thomas F. Conlon Jr., this city, and Edward Patrick Flanagan, Frostburg, who will run for the House of Delegates. C. William McDermott, this city, and William P. Kelly, Lonaconing, who will seek re-election to the Democratic State Central Committee.

Exactly one-third of the 36 official Republican candidates are vying for the three GOP nominations for county commissioner. They are, in the order in which they filed, W. A. Strother, this city; Louis V. Shinnamon, LaVale; Charles N. Hill, Frostburg; William A. Wilson, who is serving as a commissioner by appointment; Harold L. Drew, Carlos; Glenn K. Davis, this city; Robert C. Hohing, Frostburg; Simeon W. Green, Frostburg; Okey Michael, Westernport; James Orr, this city, an incumbent; A. Lee Marple, this city, and John J. Smith, Mt. Savage.

Among the other official Republican candidates there are six for the six jobs as members of the House of Delegates and six for the GOP State Central Committee, where seven are to be elected.

The six official candidates for the House of Delegates are Fred B. Driscoll, this city, an incumbent; Irvin C. Alexander, Lonaconing; David J. Williams, Midland, who is serving by appointment; Lee C. Jarnett Jr., LaVale; Harry T. Warnick, Lonaconing, and Jonathan Sleeman, Frostburg.

Two of the other members of the delegation have announced that they will seek re-election and are certain to file today, thereby providing a contest for the six nominations. They are Lester B. Reed, Mt. Savage, delegation chairman, and Noel Speir Cook, Frostburg.

Thomas N. Berry, this city, who is serving as a delegate by appointment, will decide this morning after a conference with his law partners, Walter C. Capper and William S. Jenkins, whether or not he will be a candidate.

Aside from Mr. Berry's decision, there is certain to be at least one new face in the County Delegation as George R. Hughes Jr., minority leader of the House, delegates steps out to compete against State Senator Charles M. See for the GOP nomination to that position.

Six have filed as candidates for the Republican State Central Committee and there are seven positions to be filled. The official candidates are Jerry G. Clise, Miller Mines; Leonard D. Miller, Shaft; Ernest B. Treat, this city, an incumbent by appointment; J. Irvin Martin, Barton, also an incumbent by appointment; Victor M. Hebb, this city, an incumbent, and Thomas Elias, Frostburg, also an incumbent.

There is an assured Republican primary contest for judges of Orphans Court where James (Continued from Page 4)

HOWARD P. LOUGHRIE

Loughrie To Run For Sheriff Job

Howard P. Loughrie, 301 Baltimore Avenue, veteran deputy United States marshal, announced Saturday he will be a candidate for sheriff on the Democratic ticket in the Allegany County May 20 primary.

Mr. Loughrie served in Cumberland and Baltimore with the Justice Department 21 years before retiring in 1954.

He stated he was seeking the office as it is "time for a change. My first project, if elected, would be to see that the sheriff's office personnel is properly trained legally for the execution of their services."

"I would appoint special deputies in remote sections of the county that have little or no police protection today."

"As my 21 years with the Justice Department took me many times into the courts of Maryland and West Virginia, I am familiar with the operation of the courts and the sheriff's offices of the various counties."

Mr. Loughrie is married to the former Frances E. Shaw. He has two sons, Capt. David L. Loughrie, stationed in the Air Force with the Judge Advocate's Department at Andrews Field, Md., and Donald Loughrie, an instructor at Bowling Green State University, Bowling Green, Ohio, and a daughter, Miss Bonnie Blue Loughrie, an elementary school teacher in Bethesda.

Mr. Loughrie came here in 1925 with the Acme Supply Company where he was employed six years. After two years in the insurance business he became a deputy marshal in U.S. District Court for Maryland in Cumberland.

After 15 years in the court here he was transferred to Baltimore where he was stationed until 1954.

He is a veteran of World War I, serving with the Sixth Aero Squadron. Active in American Legion affairs, Loughrie is a past commander of Fort Cumberland Post 13, past Mountain District commander, and is a member of Cumberland Voiture 164, 40 & 8. He belongs to Centre Street Methodist Church.

Glenn E. Elwood, technical service representative of the farm and home division of the American Cyanamid Company
